**MOTION FOR EXTENSION OF TIME TO FILE
SUPPLEMENTAL PETITION**

On September 25, 2023, Massachusetts Port Authority (Massport) filed a petition for review of certain provisions of NPDES Permit No. MA0000787. In its petition, Massport requested the parties utilize the Environmental Appeals Board's Alternative Dispute Resolution (ADR) procedures. Massport requests this motion to be held in abeyance pending completion of the ADR process.

If this dispute is not resolved through the ADR process, then Massport requests the Board grant a sixty (60) day extension of time to file a supplemental petition for review in the above-captioned matter. Massachusetts Port Authority seeks this extension due to the number and complexity of the issues raised by NPDES Permit No. MA0000787.

Massport consulted with EPA on this motion, and EPA has declined to take a position on it.
