Hi Laurie - I was out on Friday and Monday so I'm just getting caught up. I saw the fax but haven't read it yet. I will call you later today to discuss it. I should be able to make changes to the permit (if that's what is decided) before it is public noticed. We are waiting on the Post to tell us what day the notice will be published. Thanks.

Subject: MS4 permit public notice

Good morning, Amy,
Could you call me at your earliest, please? Have a couple questions on the public notice draft of the 460th Space Wing MS4 permit. Also, when is the last you could accept comments from us and still incorporate for publication by the 30th ?

Thanks,
Laurie
