Hi Courtney,

Yep, I understand. ICL is not opposed to your motion to extend the response brief deadline.

Shortly after October 11, I have a 3-day all-staff meeting in Boise. I'll also be the only ICL attorney working on ICL's reply to EPA and DEQ's responses in the Sandpoint NPDES appeal. Would EPA be opposed to allowing ICL two weeks following the reply deadline in the Sandpoint appeal to file a reply in the Harrison NPDES appeal?

Have a great weekend,
Matt

Hi Matt:

In order to accommodate summer annual leave schedules, workload issues and the time necessary to obtain review/approval to file a response brief, EPA will need to file a motion for an extension to file its response brief. As you know, I'm the primary permitting attorney here in the Region. I'm in the midst of reviewing a bunch of permits plus the Sandpoint Response Brief is due on September 24th. EPA would like to be able to file an unopposed motion. To that end, would ICL be opposed to allowing EPA until Thursday, October 11th to file the response brief and certified index of the admin. record?

Thanks!
