Hi Corwin - I saw that as well and have a request into the person who handles the website to move it to "Individual Permits at Public Notice." I'll let you know when that is corrected. Thanks.

Amy,
I found the permits listed under the section titled "Individual Permits Issued by EPA Region 8" rather than "Individual Permits at Public Notice" on the NPDES Permit Documents web page. Would you please see about having them moved? It's rather misleading.

Laurie and John - The public notices for your MS4 permits ran in the

EPA-BAFB-0000596

Denver Post on 9/22. I apologize for not letting you know beforehand but our secretary did not inform me until today. Below is the link where your permits, statement of basis, and public notices will be. I expect them to be there later today or tomorrow. Please let me know if you have any questions. John - I didn't receive any comments, so if you have any, please submit them before the close of the public notice.

www.epa.gov/region8/water/npdes/documents.html

Additionally, I've also included the Denver Post links to review the public notices that ran in the paper.
