Hi Suna –

Below is the recommended language from EPA Region 3's OCS Attorney regarding appeals for inclusion in the final permitting action for the US Wind Maryland Offshore Wind Project.

“The final determination may be appealed through the process set forth at 40 CFR 124.19 for appeals of PSD permits, by filing a petition for review with the Clerk of the United State environmental Protection Agency’s Environmental Appeals Board within the time prescribed in paragraph 124.19(a)(3).”

Please let me know if you have any questions.

Many thanks.
