U.S. ENVIRONMENTAL PROTECTION AGENCY, REGION 3
 WATER PROTECTION DIVISION, OFFICE OF DRINKING WATER AND SOURCE WATER PROTECTION
 GROUND WATER ENFORCEMENT BRANCH (3WP22)
 1650 ARCH STREET
 PHILADELPHIA, PENNSYLVANIA 19103

**UNDERGROUND INJECTION CONTROL (UIC) PROGRAM
 NOTICE OF FINAL PERMIT FOR SENECA RESOURCES CORPORATION**

The United States Environmental Protection Agency, Region III announced on January 28, 2014, the issuance of a final permit under the authority of the federal UIC regulations at 40 CFR Parts 124, 144, 146 and 147 to Seneca Resources Corporation. This permit authorizes the construction and operation of one UIC Class II-D brine disposal injection well, located in Highland Township, Elk County, Pennsylvania.

EPA Region III originally public noticed the draft permit on November 7, 2012, and held a public hearing on December 11, 2012, at the Highland Township Fire Hall located in James City, PA. EPA Region III evaluated oral testimony presented at the hearing as well as written comments received during the public comment period. An additional public notice was conducted on August 11, 2012, to specifically address seismicity issues raised during the original public comment period. Additional comments were received. Based on all of the public comments received, EPA is issuing a final permit to Seneca Resources Corporation. The final permit has added a provision which requires the automatic shut down of injection in the event that the well incurs a mechanical integrity failure.

The administrative record for this permitting action remains available for public review during normal business hours at the Office of Drinking Water & Source Water Protection, Ground Water & Enforcement Branch (3WP22), 1650 Arch Street, Philadelphia, PA 19103. Copies of the final permit and EPA Region III's response to summary comments are available for review:

[Seneca Final Permit \(PDF\)](#) (13pp, 2.35MB)

[Seneca Responsivness Summary \(PDF\)](#) (14pp, 9.37MB)

The response to summary comments also describes the procedure for appealing this permit decision. A petition for review of the permit must be filed within 30 days of date of this notice, as described in more detail in the response to summary comments.
