Hi Amy,
Just an FYI - my title is now Chief, Environmental Quality. Corwin Oldweiler is the Water Quality Program Manager. And Elizabeth Brogan (believe she is the one you spoke with a couple weeks ago, who inherited my old phone number!) is a contractor providing stormwater support.

Thanks,
Laurie

All - Attached are the latest versions of the Statement of Basis and Permit. If Buckley can review these quickly, I may be able to incorporate your comments before they are public noticed. Sorry for any confusion, my understanding was these had already been reviewed and concurred upon by Buckley. Please let me know if you have any questions/comments. Thanks. Hi Laurie - I'm going to be public noticing Buckley's permit in the next week and I was needing the "responsible official's" name and phone for the Statement of Basis. I have you listed as the contact person but who should be listed as the "responsible official"? Thanks.
