Hi Travis,

There will be another Public Notice Period and possible Public Hearing before the permit is issued.
Is that what you want to know?

If you have any comments on the revised application, we would be glad to take them into consideration while working on the revised draft permit.

Thank you Henry. It looks like they made some pretty significant changes. Do you know whether the County plans to re-issue a draft permit, or will you go straight to a final permit based on this? I'm trying to figure whether Sierra Club will have an opportunity to respond to some of the changes APS proposed in their analysis.

Also, to the extent you know the timing of any next steps, that would be very helpful.

Thanks again.

Travis

Hi Travis,

I just got your message. I've attached the APS response to comments. MCAQD has not responded to this yet and APS is in the middle of redoing their modeling for Ocotillo. You will be notified as this progresses.

Hi Henry,

Any update on the status of the response to comments? I'm assuming Sierra Club will be notified when they go out, but hoping you might have a sense on the expected timeframe.

Thanks

Travis
