RCRA Appeal No. 07-01

ORDER GRANTING THIRD JOINT MOTION
TO STAY THE PETITION

On December 6, 2007, the parties in the above-captioned matter, U.S. EPA Region 5 (the "Region") and PPG Industries Ohio, Inc. and PPG Industries, Inc. (collectively "PPG"), filed a third joint motion requesting to stay the proceedings in this case until February 1, 2008. On September 7, 2007, the parties filed their second motion seeking to stay the proceedings until December 7, 2007, to allow the parties to conduct settlement discussions, which the Environmental Appeals Board ("Board") granted by order dated September 10, 2007. The parties represented at the time that they had exchanged correspondence and held a face to face meeting to discuss settlement proposals, that one of the issues had been resolved, and that progress had been made with respect to the remaining issues.

In their current motion, the parties explain that shortly after the parties meet in September 2007, the principal technical consultant for PPG resigned her position with the company, which delayed PPG's ability to respond to settlement proposals. The parties further explain that on November 29, 2007, PPG forwarded a comprehensive settlement proposal to the Region, which the Region is now considering. Therefore, the parties request additional time to continue settlement discussions.

For good cause shown, the Board hereby grants the parties' request to stay the proceedings until Friday, February 1, 2008. On or before February 1, 2008, the parties shall submit a report regarding the status of the settlement negotiations which shall include a discussion of whether it is appropriate to continue the stay, dismiss the petition, or establish a schedule for the Region to file a response to the petition.

So ordered.
