Now comes Wyman Gordon Company (“WGC” or “Petitioner”) and the Environmental Protection Agency Region I (“Region”) subject to the Environmental Appeals Board (“EAB”) the first status report on this matter.

In support thereof, WGC and the Region state as follows:

1. The Region and Petitioner are engaged in settlement negotiations and are developing a schedule of meetings for the near future which are intended to resolve the Petition without expending the valuable resources of the EAB at this time.
2. In order to allow sufficient time for settlement negotiations to conclude, WGC and the Region request that the Board continue the stay of proceedings in this matter.
