ENVIR. APPEALS BOARD

In the matter of
Russell City Energy Center

Appeal No. 08-01

REQUEST FOR CONTINUANCE

This request is made in the interest of saving the time and resources of the EAB and the parties involved. An identical concurrent appeal is now pending at the air quality management district Docket No.3546 A pro forma hearing was conducted yesterday January 24th 2008. A briefing schedule was set and hearing scheduled.

I am optimistic that this local appeal may resolve all concerns and effectively settle this matter. Request is hereby made for continuance of The EAB appeal pending the resolution of the local appeal now being heard at the Air Quality Management District.

If the above continuance is not granted, request is made for an extension of time to file a reply to the response filed by the Bay Area Air Quality Management District to February 10th 2008

Respectfully Submitted

Rob Simpson January 25, 2008
