Re: Gateway Generating Station
Appeal Number: PSD 09-02

Dear Mr. Broadbent:

Enclosed is a petition dated and filed via CDX Electronic on May 5, 2009, (received by the Environmental Appeals Board (the "Board") on May 5, 2009), filed by Rob Simpson, asking the Board to review a PSD determination by the Bay Area Air Quality Management District.

To assist the Board in deciding whether the matters raised by Petitioner should be reviewed, please have your staff prepare a response that addresses Petitioner's contentions and whether Petitioner has satisfied the requirements for obtaining review under 40 C.F.R. Section 124.19.

Response Seeking Summary Disposition. If you believe that the petition in its entirety may be appropriate for summary disposition, either because the Board does not have jurisdiction to consider the petition, the appeal is untimely, Petitioner lacks standing to file an appeal, or none of the issues raised in the petition were preserved for review, please file a response to that effect by no later than May 27, 2009. Please include relevant portions of the administrative record with your response.

File an original (signed in blue ink) and five copies of these materials with the Board (at the address shown below) by the date specified above, and send a copy to Petitioner, with a certificate of service showing the date and method of service. Petitioner shall have 10 days from

the date of service of a response seeking summary disposition to file a reply with the Board.¹

If the Board determines that summary disposition is appropriate, the Board will issue an order to that effect. If the Board determines that summary disposition is not appropriate, or that the issue of summary disposition should be reserved until after a response to the merits of the petition is filed, the Board will issue an order directing that a response to the merits of the petition be filed within 15 days of the Board's order.

Response not Seeking Summary Disposition. If you do not file a response seeking summary disposition, please file a response to the merits of the petition by not later than June 11, 2009. Please include with your response relevant portions of the administrative record, together with a certified index of the entire administrative record.

File an original (signed in blue ink) and five copies of these materials with the Board, and send a copy to petitioner, with a certificate of service showing the date and method of service.

Mailing and Hand Delivery Instructions²

All documents that are sent through the U.S. Postal Service, Express Mail, hand-delivered, via courier must include the name of the organization, address, facsimile number, telephone number, and an email address, if available.

Documents that are sent through the U.S. Postal Service (except by Express Mail) **MUST** be addressed to the Environmental Appeals Board's mailing address which is:

¹ The Environmental Appeals Board has an innovative system that allows parties to submit copies of documents, including exhibits, electronically in PDF. Instructions on registration and document submission, are available by using the "Electronic Submission" link on the Board's website. Please note that, at the present time, electronic submissions will not be considered a substitute for filing an original document with the Clerk of the Board. The Clerk of the Board still must actually receive the original document by the document's due date in order for it to be timely filed. However, Agency offices and private parties that use this system for submitting electronic copies will be excused from the requirement to submit multiple paper copies with their original filing.

²The Environmental Protection Agency may experience delays in delivery of mail from the U.S. Postal Service. These delays are due to a new sterilization procedure applied to all U.S. Postal Service mail delivered to the federal government. Parties are encouraged to utilize non-U.S. Postal Service carriers and the Board's hand-delivery address when filing time-sensitive pleadings with the Board. Additional information regarding mail delivery to the Board is available on the Environmental Appeals Board website (www.epa.gov/eab) at the Clerk of the Board or Frequently Asked Questions.
