RE: Appeal to EPA decision to grant
a new PSD Permit to Knaufl Fiberglass Co
#NSR 4-4-4, SAC 03-01

I will not list the multiple facts
you have to have in front of you about
their failure to meet the pollution
limits they set for themselves, their
failure to use gray water again as
they promised, etc, etc.

I am simply stating my objection
to this company, in this location continuing
to add to our air and water pollution.
Since day one, I have stated wrong
place for this plant. Pollution from
California rides the winds to here and
stopping. Now we add to it. H.E.H.P.

Please Reconsider
