_____)	

On May 31, 2012, Petitioner Idaho Rivers United (IRU) filed a Motion to Withdraw its two appeals of the City of Boise's NPDES permits for Lander Street and West Boise wastewater treatment plants. In its motions, IRU made representations regarding commitments made by EPA Region 10, the City of Boise and the State of Idaho, referencing three letters provided to IRU by those three agencies. Without commenting on IRU's interpretation of the letters contained in the Exhibit IRU filed along with its Motion to Withdraw, the Region avers that the letters speak for themselves. The Region does not object to IRU's Motion to Withdraw its appeal.
