3. The Board has granted four unopposed motions by the Region to extend the time for the Region to file its response to the consolidated petitions. The present deadline for filing is May 16, 2006.

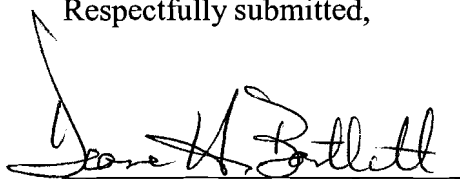

4. Since the issuance of the March 10, 2006 Order granting the extension of the Region's time to file until May 16, 2006, the parties have continued their discussions regarding potential settlement of the petitions for appeal. The parties have been working on draft permit and fact sheet language related to the specific issues on appeal, continuing their efforts to determine whether an agreement can be reached. The parties remain hopeful that an agreement will be reached. Therefore, the Region seeks a stay of an additional sixty (60) days in order to pursue the possibility of substantially narrowing, if not fully resolving, the issues that will ultimately require resolution by the Board..

5. The Region has consulted with counsel for FoE/SC and counsel for WASA and neither Petitioner opposes the requested stay of proceedings.

For the foregoing reasons, the Region requests a stay of these proceedings until July 16, 2006.

Respectfully submitted,

Date May 9, 2006
