Re: Avenal Energy Project
Permit Number: SJ 08-01
Appeal Number: PSD 11-04

Dear Counsels:

This is to advise you that, the Environmental Appeals Board (the "Board" or "EAB") received a petition on June 27, 2011, filed by Bradley Angel, Executive Director, on behalf of Greenaction for Health and Environmental Justice, asking the Board to review a PSD permit decision issued by U.S. EPA.

A copy of the petition and exhibits can be found on the Board's website at www.epa.gov/eab. Click on "EAB Dockets" in the left-hand menu, then click on the "Active Dockets" link, and then click on the appropriate case name. If you have any difficulty accessing this document, please let me know.

To assist the Board in deciding whether the matters raised by Petitioner should be reviewed, please have your staff prepare a response that addresses Petitioner's contentions and whether Petitioner has satisfied the requirements for obtaining review under 40 C.F.R. section 124.19. In light of the U.S. District Court Order in *Avenal Power Center, LLC v. U.S. Environmental Protection Agency*, No.10 cv 383 (D.D.C. filed Mar. 9, 2010), your response to the petition must be received no later than **July 11, 2011**.

A copy of this letter is being sent to Avenal Power Center, LLC, as notification of this petition and these filing requirements. If the permittee chooses to file a response, it must be received by **July 11, 2011**, and comply with the filing instructions provided below. A copy of this letter is also being sent to the petitioner as notification of these filing requirements.

Any response brief filed may not exceed 14,000 words.¹ Include with your response relevant portions of the administrative record, together with a certified index of the entire administrative record. The permit issuer is encouraged to file the index to the record, preferably electronically, as soon as possible after receiving notification of this appeal. Early filing of the certified index enables the Board to begin prompt review of the record even before all of the briefs are filed.

Due to the time-sensitive nature of PSD permit appeals, the Board will apply a presumption against the filing of reply briefs and sur-replies. The Board will not hold oral argument in this case. The Board may use scheduling and status conferences to narrow the issues on appeal or otherwise facilitate the expeditious resolution of this case. For additional information relevant to PSD permit appeals, please refer to the Board's April 19, 2011 Order Governing Petitions for Review of Clean Air Act New Source Review Permits (enclosed), also available at <http://www.epa.gov/eab> (Click "Standing Orders" on sidebar).

Filing Requirements

Filing may be accomplished electronically pursuant to the Board's Order of January 28, 2010.² Alternatively, filing may be accomplished by filing a paper original (signed in blue ink) and two copies of these materials with the Board (at the address shown below) by the date specified above. A copy must be sent to Petitioner, and a certificate of service showing the date and method of service should be included with the filing.

¹ Filers may rely on the word-processing system used to determine the word count. In lieu of a word limitation, parties may comply with a 30-page limit. Headings, footnotes, and quotations count toward the word limitation. A table of contents, table of authorities, statement requesting oral argument, statement of compliance with the word limitation, exhibits, or any addendum does not count toward the word limitation.

² The Board has issued an Order authorizing the electronic filing of documents in cases involving permit appeals. See Order Authorizing Electronic Filing in Proceedings Before the Environmental Appeals Board Not Governed by 40 C.F.R. Part 22 (Jan. 28, 2010), available at <http://www.epa.gov/eab> (click "Standing Orders" on sidebar). Instructions on registration and document filing are available by using the "Electronic Filing" link on the Board's website. Documents containing confidential business information should not be filed electronically as the Board considers business confidentiality claims waived when a document is electronically filed. *Id.* at 5-6. Anyone electronically filing exhibits or attachments in support of a brief, motion, or other document should submit them separately from the associated brief or motion. *Id.* at 3.

IMPORTANT: All documents filed must reference the appeal number and the name, address, and telephone number of the filer. If available, the filer should also provide a fax number and an email address. **In addition, any envelope or other packaging containing documents sent through the U.S. Postal Service, Express Mail, hand-delivered or via Courier must bear a complete and accurate return address in the upper left hand corner. The envelope or packaging must also clearly state the case name and case identifier in the lower left hand corner.**³
