Hi Rob,

This is to inform you, just in case there was a failed or lack of communication on my part, that the document that you emailed to me on January 2, 2008, was not considered "filed". The Board does not consider a petition for review to be "filed" until the hard copy is actually received by mail. In your case January 3, 2008, is the correct filing date. For more detailed information about the Board's filing procedures, please refer to the Environmental Appeals Board Home Page at [www.epa.gov/eab](http://www.epa.gov/eab) at the NOTICE paragraph. I apologize if this has inconvenience you in any manner. If you have any questions, please let me know.

Hello Rob,

The Board's letter is going out in this morning mail to the Bay Area Air Quality Management District requesting response to your petition for review. You will receive a copy of the letter via first class mail. If you have any questions, please let me know.

Hi Eurika,

I just want to confirm that you received my appeal and inquire about the next step.

Thank you for your understanding and patience with my ignorance.
