Dear Ms.Durr and/or Clerk of the Board,
Within the last hour, we uploaded the Housatonic River Initiative, Inc.'s "Petition for Review of Final Permit Modification Issued to GE by EPA Region 1", along with two attachments.

One attachment is titled "Housatonic River Initiative Petition of Concerned Citizens." Please be advised that although the attachment is 87-pages (exceeding the EAB's 50-page limit for attachments), 86 of those pages are exclusively names and addresses of citizens who signed the petition.

Under the EAB's requirements to serve and notify, we are about to send via certified mail hardcopies of all our uploaded documents to: 1) EAB to the address provided in the guidance documents; 2) Regional Administrator Curt Spalding of Region 1, Boston; 3) Ann Klee, Vice-President, Global Operations, Environment, Health, & Safety, General Electric Company, at their Fairfield, CT address.

Thank you for your assistance during this process. Please contact us with any questions or with any further requirements.

Sincerely,
Judith Herkimer, Executive Director
