Re: **City of Keene, NPDES Permit NH010079**

To Whom It May Concern:

On behalf of the Town of Marlborough, we are writing to express our support for the Petition for Review of Contested Permit Conditions filed by City of Keene relative to its NPDES Permit. Specifically, the Town supports the City's position that the Environmental Protection Agency has failed to set forth a technically-defensible analysis for the Permit's proposed phosphorus limits. We urge you to closely review the City's submission and grant the City's Petition for Review of this contested Permit limit. Please feel free to contact us should you have any questions regarding the Towns' position.

Sincerely,  
Town of Marlborough  
Board of Selectmen

  
John Northcott  
Chairman
