MOTION OF RECONSIDERATION  
OF WARNING REGARDING FILING VIA EMAIL AND LEAVE  
TO THE HONORABLE BOARD MEMBERS:

COMES NOW, Leonardo Ramos-Hernandez, the party with interest above captioned, filing PRO SE, respectfully ALLEGE, EXPOUND AND PRAY:

The board has asserted that I have filed three motions in two separated instances via email to the Clerk in absence of an electronic filing difficulties. The board is mistaken. In the first instance I had discussed the difficulty to access the eFiling portal with the Clerk via telephone. I notified that a service call was placed and was waiting for a response from the support personell. It was a Friday and the support response and resolution did not arrive until the following Tuesday. The difficulty was spawned by the odd custome of the eFiling portal of using the two words first name and last name combination (as opposed to person's name-unrelated one-word username industry standard) as username which fall counter intuitive to three names Spanish speakers as myself. And the inconsistency on the ePortal of tagging username and person names as the same. The second instance was spawned from the fact that the Portal removed the Energy Answers case from the list of closed cases. This problem persists.

Both instances were documented to the Clerk. The Board's misinformation is no fault of my own but the product of failure of the Board's procedures to make part of the record the ex-parte communications with the Clerk. And/or the omission in the rules as to a proper procedure to handle these situations. The Clerk never hinted as to the need of a Motion for Leave as is required in other courts.

WHEREFORE I respectfully request a reconsideration of the warning referring filing via email and leave to file this via email.
