Re: University of Massachusetts Boston
Permit Number: MA 0040304
Appeal Numbers: NPDES 13-04

Dear Mr. Dierker:

This is to advise you that the Environmental Appeals Board ("Board" or "EAB") received a petition for review from Ralph A. Child and Colin G. Van Dyke, Attorneys, MINTZ, LEVIN, COHN, FERRIS, GLOVSKY and POPEO, P.C., on behalf of the University of Massachusetts Boston, dated March 11, 2013. The petition seeks review of a NPDES final permit decision co-issued by U.S. Environmental Protection Agency, Region 1 and the Massachusetts Department of Environmental Protection to the University of Massachusetts Boston.

A copy of the petition and attachments can be found on the Board's website at www.epa.gov/eab (click "EAB Dockets" on the sidebar, click on the "Active Dockets" link, and then click on the appropriate case name). If you have any difficulty accessing this document, please let me know.

IMPORTANT NOTE: On January 25, 2013, the U.S. Environmental Protection Agency ("EPA") published a rule in the Federal Register revising the part 124 permit

appeal procedures. 78 Fed. Reg. 5281. **On March 26, 2013, this rule will take effect, and all documents filed with the Board on or after this date become subject to the revised provisions. Consequently, if you file any documents in this proceeding on or after March 26, 2013, you must follow the procedures prescribed by the revised rule.** The text of the rule and additional information regarding the rule are available through the Board's Web site at the "Regulations Governing Appeals" Web page.

To assist the Environmental Appeals Board in deciding whether the matters petitioner raises should be reviewed, please have your staff prepare a response that addresses the petitioner's contentions and whether petitioner has satisfied the requirements for obtaining review under 40 C.F.R. § 124.19(a). Such response should be filed no later than **April 30, 2013**. Include relevant portions of the administrative record with the response. In particular, documents cited in your response must be included as attachments. In addition, a certified index of the entire administrative record must be filed with the response. The permit issuer is encouraged to file the index to the record, preferably electronically, as soon as possible after receiving notification of this appeal. Early filing of the certified index enables the Board to begin prompt review of the record even before all of the briefs are filed.

A copy of this letter also is being sent to the petitioner as notification of these filing requirements.

Filing Requirements

Filing may be accomplished electronically pursuant to the Board's Order of January 28, 2010.¹ Alternatively, filing may be accomplished by filing a paper original (signed in blue ink) and two copies of these materials with the Board (at the address shown below) by the date specified above. A copy must be sent to Petitioner, and a certificate of service showing the date and method of service should be included with the filing.

¹ The Board has issued an Order authorizing the electronic filing of documents in cases involving permit appeals. See Order Authorizing Electronic Filing in Proceedings Before the Environmental Appeals Board Not Governed by 40 C.F.R. Part 22 (Jan. 28, 2010), available at <http://www.epa.gov/eab> (click "Standing Orders" on sidebar). Instructions on registration and document filing are available by using the "Electronic Filing" link on the Board's website. Documents containing confidential business information should not be filed electronically as the Board considers business confidentiality claims waived when a document is electronically filed. *Id.* at 5-6. Please note that if a party, or its attorney or other representative, electronically files any document, such as a notice of appeal, brief, or motion, that exceeds fifty (50) pages in length, inclusive of the certificate of service, table of contents, and table of authorities, but exclusive of exhibits or attachments, it must also send one paper copy of that document to the Board by U.S. Mail, hand, courier, or commercial delivery service within one business day of the date of the electronic filing. See *id.* at 4-5. Such paper copy must be accompanied by a signed certification stating that it is identical to the electronically filed document. *Id.* at 5. If the combined page length of all the exhibits or attachments submitted in support of a brief or motion exceeds fifty (50) pages, the requirement to submit a paper copy, and its timing, applies to the entire set of exhibits or attachments. *Id.* Anyone electronically filing exhibits or attachments in support of a brief, motion, or other document should submit them separately from the associated brief or motion. *Id.* at 3.

IMPORTANT: All documents filed, including the materials due **April 30, 2013**, must reference the appeal number and the name, address, and telephone number of the filer. If available, the filer also should provide a fax number and an email address. **In addition, any envelope or other packaging containing documents sent to the Environmental Appeals Board's mailing address or hand-delivery address, as prescribed below, must bear a complete and accurate return address in the upper left hand corner. The envelope or packaging must also clearly state the case name and appeal number in the lower left hand corner.**²
