October 16th, 2012

Citizens for Clean Air requests thirty days extension of time to file their brief in the matter of the October 1st 2012 decision by EPA Region 9. This decision denied all public hearings in regards to the modification to the Prevention of Significant Deterioration permit at the Sierra Pacific Industries – Anderson Division facility.

The deadline for public written comments on this project is October 17th 2012. Citizens for Clean Air, a volunteer organization with no current legal representation, needs this time to research and prepare a brief.
