R10OCS/PSD-AK-09-01
Appeal Numbers: OCS 11-02 and OCS 11-03

Dear Ms. Stern:

This is to advise you that the Environmental Appeals Board (the "Board" or "EAB") received on October 24, 2011, two petitions dated October 24, 2011, one petition filed by Colin O'Brien, EARTHJUSTICE, (OCS 11-02) on behalf of the Native Village of Point Hope, Resisting Environmental Destruction of Indigenous Lands, Alaska Wilderness League, Center for Biological Diversity, Natural Resources Defense Council, Northern Alaska Environmental Center, Ocean Conservancy, Oceana, Pacific Environment, Sierra Club, and The Wilderness Society, and one petition filed by Tanya Sanerib, Crag Law Center, (OCS 11-03) on behalf of the Inupiat Community of the Arctic Slope and the Alaska Eskimo Whaling Commission, asking the Board to review a PSD determination by U.S. Environmental Protection Agency, Region 10.

A copy of the petitions and exhibits can be found on the Board's website at www.epa.gov/eab. Click on "EAB Dockets" in the left-hand menu, and click on the "Active Dockets" link, and then click on the appropriate case name. If you have any difficulty accessing this document, please let me know.

To assist the Environmental Appeals Board in deciding whether the matters raised by Petitioners should be reviewed, please have your staff prepare a response that addresses the Petitioners' contentions and whether Petitioners have satisfied the requirements for obtaining review under 40 C.F.R. § 124.19 and file such response no later than November 16, 2011.

A copy of this letter is being sent to Shell Gulf of Mexico Inc. and Shell Offshore Inc. as notification of this petition and these filing requirements. If the permittee chooses to file a response, it must be received by **November 16, 2011**, and comply with the filing instructions

provided below.

Any response brief filed may not exceed 14,000 words.¹ See October 26, 2011 Order. Include with your response relevant portions of the administrative record, together with a certified index of the entire administrative record. The permit issuer is encouraged to file the index to the record, preferably electronically, as soon as possible after receiving notification of this appeal. Early filing of the certified index enables the Board to begin prompt review of the record even before all of the briefs are filed.

Due to the time-sensitive nature of PSD permit appeals, the Board will apply a presumption against the filing of reply briefs and sur-replies and against holding oral argument. The Board may use scheduling and status conferences to narrow the issues on appeal or otherwise facilitate the expeditious resolution of this case. For additional information relevant to PSD permit appeals, please refer to the Board's April 19, 2011 Order Governing Petitions for Review of Clean Air Act New Source Review Permits, available at <http://www.epa.gov/eab> (Click "Standing Orders" on sidebar).

Filing may be accomplished electronically pursuant to the Board's Order of January 28, 2010.² Alternatively, filing may be accomplished by filing a paper original (signed in blue ink) and two copies of these materials with the Board (at the address shown below) by the date specified above. A table of contents, table of authorities, statement requesting oral argument, statement of compliance with the word limitation, exhibits, or any addendum does not count toward the word limitation.

² The Board has issued an Order authorizing the electronic filing of documents in cases involving permit appeals. See Order Authorizing Electronic Filing in Proceedings Before the Environmental Appeals Board Not Governed by 40 C.F.R. Part 22 (Jan. 28, 2010), available at <http://www.epa.gov/eab> (click "Standing Orders" on sidebar). Instructions on registration and document filing are available by using the "Electronic Filing" link on the Board's website.
