

to both sets of petitions will be more efficient for the Region to respond and the EAB to make its decision whether to review the permit. In addition, it will allow the Region the time it needs to fully respond to the IBMI Petition without unduly delaying the Region's Response to the Original Petitions.

The Region has contacted all Petitioners, as well as the permittee, to inform them of the Region's intent to seek an extension of time. The County, FAC, and the permittee do not oppose the Region's motion for an extension of time. The Region has not yet received responses to messages left with Mr. Villa or Mr. Wood.

For the foregoing reasons, the Region hereby respectfully moves the Board to extend the time for filing the Region's response to NPDES Appeal Nos. 10-05 through 10-07 to on or before September 27, 2010.

Respectfully submitted,

Dated: September 7, 2010
