To assist the Environmental Appeals Board in deciding whether the matters raised by petitioners should be reviewed, please have your staff prepare a response that addresses the petitioners' contentions and whether petitioners have satisfied the requirements for obtaining review under 40 C.F.R. §124.19(a). Include relevant portions of the administrative record with the response, together with a certified index of the entire administrative record. Please file an original (signed in blue ink) and two copies of these materials no later than March 8, 2010, and send a copy of the response and the certified index to petitioners with a certificate of service

Instructions on registration and document submission, are available by using the "Electronic Submission" link on the Board's website. Please note that, at the present time, electronic submissions will not be considered a substitute for filing an original document with the Clerk of the Board. The Clerk of the Board still must actually received the original document by the document's due date in order for it to be timely filed. However, Agency offices and private parties that use this system for submitting electronic copies will be excused from the requirement to submit multiple paper copies with their original filing.

²Mail sent to the Environmental Protection Agency via the U.S. Postal Service may be delayed by a random sterilization procedure applied to mail delivered to the federal government. Parties are encouraged to utilize the Board's e-filing system or non-U.S. Postal Service carriers and the Board's hand-delivery address when filing pleadings with the Board. Additional information regarding mail delivery to the Board is available on the Environmental Appeals Board website (www.epa.gov/eab) at the Clerk of the Board or Frequently Asked Questions.

Documents that are hand-carried in person, delivered via courier, mailed by Express Mail, or delivered by a non-U.S. Postal Service carrier (e.g., Federal Express or UPS) MUST be delivered to:
