REGION 5 STATUS REPORT

The United States Environmental Protection Agency, Region 5 (U.S. EPA) submits this status report as provided in the Environmental Appeals Board's (EAB's) June 24, 2009, Order.

It is no longer clear whether U.S. EPA will be in a position to issue a proposed decision on the pending permit applications from Environmental Geo-Technologies, LLC in the near future. As a result, there is no reason to further extend the stay of the effective date of the EAB's July 18, 2008, Order Denying Review based on the potential impact of such a proposed decision on this matter.

Respectfully submitted,

Thomas J. Krueger
Associate Regional Counsel
