Subject: We are in CLIMATE CATASTROPHE. Please end all coal burning sources now!

Dear R9 Air Permit People,

Please observe that the Earth is in CLIMATE CATASTROPHE NOW and cannot take one more coal burning effort, whether on Indian land or anywhere else.

It is high time to respect the TRUE NEEDS OF THE EARTH, AND ALL FORMS OF LIFE AND STOP DOING THINGS THAT DESTROY EARTH'S ABILITY TO FUNCTION.

Thank you for taking Life on EArth and your own children's needs seriously by refusing to build any form of energy use that destroys life. Thank you.

Lorie Golden
