---

Laurie and John - The public notices for your MS4 permits ran in the Denver Post on 9/22. I apologize for not letting you know beforehand but our secretary did not inform me until today. Below is the link where your permits, statement of basis, and public notices will be. I expect them to be there later today or tomorrow. Please let me know if you have any questions. John - I didn't receive any comments, so if you have any, please submit them before the close of the public notice.

Additionally, I've also included the Denver Post links to review the public notices that ran in the paper.
