In re: General Electric Compa 2020 REVISED FINAL PERM	
Permit No. MAD00208)))93
I, Bryan Olson, as Director of United States Environmental Pattached index constitutes the O	DEX TO THE ADMINISTRATIVE RECORD Superfund and Emergency Management Division ("SEMD" tection Agency ("EPA"), Region 1, hereby certify that the rtified Index to the Administrative Record of the RCRA AD002084093, issued by the U.S. EPA, Region 1, to the ecember 16, 2020.
Date	Bryan Olson, Director Superfund and Emergency Management Divisior U.S. EPA, Region 1

GE – Pittsfield/Housatonic River Site

Administrative Record for the Revised Final Permit Modification to the 2016 Reissued RCRA Permit and Selection of CERCLA Remedial Action and Operation & Maintenance for Rest of River

December 2020

GE – Pittsfield/Housatonic River Site Rest of River

Admin. Record Released: December 2020

Prepared by EPA New England Superfund and Emergency Management Division

Introduction to the Collection

This is the Administrative Record for the GE-Pittsfield/Housatonic River Site/Rest of River Revised Final Permit Modification to the 2016 Reissued RCRA Permit ("Revised Final Permit"). The Housatonic River flows south from north of Pittsfield, Massachusetts and travels through Massachusetts and Connecticut into Long Island Sound. This Administrative Record contains site-specific documents, reference material, and guidance used by EPA staff that form the basis for EPA's issuance of the Revised Final Permit.

This Administrative Record replaces the Administrative Record file for the GE – Pittsfield/Housatonic River Site/Rest of River Draft 2020 Modification to the 2016 Reissued RCRA Permit released in July 2020. This Administrative Record incorporates, by reference, the Administrative Records for the prior actions undertaken at the GE-Pittsfield/Housatonic River Site, including but not limited to the following:

- a) General Electric Building 68 Site Removal Action (March 1997);
- b) Upper Reach Removal Action, (May 1998);
- c) Allendale School Removal Action, (May 1999);
- d) Removal Actions Outside the River, (August 1999);
- e) Reissued RCRA Permit (July 2000);
- f) GE-Pittsfield/Housatonic River Consent Decree (October 2000);
- g) Non-Time Critical Removal Action 1 ½ Mile Reach (November 2000);
- h) Reissued RCRA Permit, GE / Housatonic River Site (December 2007);
- i) Rest of River Final Permit Modification and Selection of Remedial Action (October 2016).

This Administrative Record also incorporates, by reference, the Environmental Appeals Board (EAB) dockets RCRA 16-01 through RCRA 16-05 related to this site. These dockets may be accessed on the EPA EAB website at:

https://yosemite.epa.gov/oa/EAB_Web_Docket.nsf/77355bee1a56a5aa8525711400542d2 3/d4ac2535fb34dfc985258164006fb2c1!OpenDocument

https://yosemite.epa.gov/oa/EAB_Web_Docket.nsf/77355bee1a56a5aa8525711400542d2 3/32f710943e4df4bc8525807600508642!OpenDocument

https://yosemite.epa.gov/oa/EAB_Web_Docket.nsf/77355bee1a56a5aa8525711400542d2 3/b826bf3dbc9da17385258076005f9d69!OpenDocument

The Administrative Record also incorporates by reference all technical literature cited in the body of the Response to Comments or in a bibliography or reference section of a document that is part of the Administrative Record. These reference materials may not be listed separately in the index.

This Administrative Record is in accordance with the administrative record requirements for RCRA actions found at 40 C.F.R Part 124, and the Consent Decree, including Appendix G to the Decree. An Administrative Record is also required by the Comprehensive Environmental

Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA) and implemented by the National Contingency Plan, 40 C.F.R. Part 300.

The Administrative Record is available online: https://semspub.epa.gov/src/collection/01/AR66478

For general information on the site visit: www.epa.gov/ge-housatonic

EPA is temporarily suspending its Regional Records Centers for public visitors to reduce the risk of transmitting COVID-19. EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID-19.
