ERRATA

Petitioner the Greater Lawrence Sanitary District ("GLSD") submits this errata to its Petition for Review to clarify the re-calculated dilution factor it submitted when determining the phosphorus and residual chlorine limits. GLSD submits that the correct calculation using 15 years of data (2004 – 2018) should be 13.94, as stated on page 39, 40, 41, and 51 of its Petition. In two places, on pages 41 and 51, the factor was inadvertently stated as 14.13.

Respectfully submitted,
