Appeal Nos. NPDES 05-05 and 05-09

STATUS REPORT ON MEDIATION AND PERMIT MODIFICATION PROCEEDINGS

The United States Environmental Protection Agency, New England Region ("Region") respectfully submits this status report to the Environmental Appeals Board ("Board") with respect to the above-captioned matter.

The Region is awaiting an executed notice of voluntary withdrawal from the City of Marlborough ("Marborough"). Marlborough has requested that the Region hold such notice in escrow pending a decision by the Organization for the Assabet River ("OAR") to similarly withdraw its appeal. The Region understands that OAR's Board of Directors will meet to consider the offer on March 29, 2006. In the event OAR decides to withdraw, the Region and the Massachusetts Department of Environmental Protection will assist Marlborough and OAR to coordinate their respective filings and dispose of all pending federal and state appeals. Resolution of the appeals will allow the major upgrade of the Marlborough Westerly Wastewater Facility to commence. The Region will provide the Board with an additional status report shortly after it learns of OAR's final decision and will at that time suggest a future course of action. Until then, the Region respectfully requests that the Board delay taking further action with respect to the pending appeals in order to allow settlement efforts to conclude.

Respectfully Submitted,

U.S. Environmental Protection Agency
New England Region

By its Counsel,
Samir Bukhari
