ENVIRONMENTAL APPEALS BOARD

July 16, 2019

To Whom It may Concern,
I Greemany Howard, do here-by state,
that I am filing this petition on behalf
of my medical condition. To the U.S. Environmental
Agency Clean^{air} Act. My medical condition is that
of Chronic Respiratory. It has been a continuing
factor for me. Because of the negligence on
your company behalf I have to use this Inhaler
on a day to day basis, in order for me to breathe.
It is called an Ventolin H.F.A. for Inhaler.

Please be advised, I am considering taking
Legal Action against your Company and all others
involved in this matter. Because of the negligence
on your part that has occurred on me, of my
medical condition. I would greatly appreciate you
considering my health and everything else that
may occur to me. I am also at this time
hoping to be compensated for these damages
that has occurred to me.

Sincerely, Greemany Howard

REPLY TO THE ATTENTION OF

**Re: Notice of Final Permit Decision on Permit Number V-IL-1716300103-2014-10,
Veolia ES Technical Solutions, L.L.C.**

Dear Interested Party:

Thank you for your interest in the U.S. Environmental Protection Agency's Clean Air Act permitting actions for the Veolia ES Technical Solutions, L.L.C. (Veolia) hazardous waste treatment and storage facility located at 7 Mobile Avenue in Sauget, Illinois. Please note that EPA has completed its review of all comments submitted on the draft Clean Air Act Title V operating permit it issued for the Veolia facility in July 2018 (draft permit) and has decided to issue the final permit without changes from the draft permit. In making this decision, EPA considered the expressed views of all interested persons as well as pertinent federal statutes and regulations.

The issued permit requires Veolia to install and operate mercury emissions controls on two incinerators that previously did not have mercury controls. The permit continues to include significant improvements to Veolia's feedstream analysis procedures and is consistent with the March 2018 settlement agreement between EPA and Veolia. EPA has prepared a response to comments document (RTC) that responds to all relevant comments submitted by the end of the comment period. The final permit and RTC are available at www.regulations.gov, Docket ID No. EPA-R05-OAR-2014-0280, and <https://www.epa.gov/caa-permitting/2018-revised-title-v-permit>. If you would like a copy of the permit sent to you directly by either mail or electronic mail, please contact David Ogulei at (312) 353-0987 or ogulei.david@epa.gov.

Your Appeal Rights

Pursuant to 40 C.F.R. § 71.11(*l*), any person who filed comments on the draft permit or who participated in the public hearing may petition the Environmental Appeals Board (EAB) to review any condition of the final permit decision. Such a petition shall include a statement of the reasons supporting that review, including a demonstration that any issues being raised were raised during the public comment period to the extent required by 40 C.F.R. § 71.11, and, when appropriate, a showing that the condition in question is based on:

- (1) A finding of fact or conclusion of law which is clearly erroneous; or
- (2) An exercise of discretion or an important policy consideration which the EAB should, in its discretion, review.

Additionally, any person who did not comment on the draft permit or participate in the public hearing may petition for administrative review only to the extent of the changes from the draft to the final permit decision or other new grounds that were not reasonably foreseeable during the public comment period on the draft permit.

You may file documents with the EAB electronically, by mail, in person, and in limited circumstances, by facsimile. The EAB considers a document to be filed when it is *received* by the Clerk of the EAB. Instructions on how to file your documents is available from the EAB web site (www.epa.gov/eab). All documents sent through the U.S. Postal Service (except by U.S. Express Mail) MUST be addressed to the EAB's mailing address

Clerk of the Board
U.S. Environmental Protection Agency
Environmental Appeals Board
1200 Pennsylvania Avenue, NW
Mail Code 1103M
Washington, D.C. 20460-0001

All documents that you deliver in person or that you arrange to have delivered by courier (including delivery by U.S. Express Mail or a by commercial delivery service such as Federal Express or UPS) MUST be delivered to the EAB's hand-delivery address:

Clerk of the Board
U.S. Environmental Protection Agency
Environmental Appeals Board
WJC East Building
1201 Constitution Avenue, NW
Room 3332
Washington, D.C. 20004

Pursuant to 40 C.F.R. § 71.11(i)(2), the final permit will become effective on **July 18, 2019** unless the permit is appealed to the EAB as discussed above. If the permit is appealed, the specific terms and conditions of the permit which are the subject of the appeal will be stayed during the pendency of the appeal. 40 C.F.R. § 71.11(i)(2)(ii).

If you have any questions, please contact David Ogulei, of my staff, at (312) 353-0987.

Sincerely,

Genevieve Damico
Chief, Air Permits Section
