NPDES Appeal No. 06-15
NPDES Permit No. MA0100030

MOTION TO STAY PROCEEDINGS

On November 2, 2006, the Town of Marion ("Permittee") timely filed a petition for review with the Environmental Appeals Board of NPDES Permit No. MA0100030, which had been reissued by the Environmental Protection Agency-New England Region ("Region") on October 6, 2006. The parties believe that resolution of the issues raised in the petition is possible and have agreed to pursue settlement discussions. Absent a stay, the parties will be required to divert their time and effort from settlement discussions to the proceeding before this Board. Thus, in order to allow sufficient time for such discussions to conclude, the Region respectfully moves to stay the above-captioned matter for 60 days and, further, moves to rescind the December 19, 2006 deadline for filing its response to the petition for review. No later than the expiration of the stay period, the Region shall submit a report describing the status of settlement discussions and recommending whether it is appropriate to continue the stay, dismiss the petition, or establish a schedule for EPA's response to the petition. The Permittee has informed the Region of its assent to this motion.

Respectfully submitted,

U.S. Environmental Protection Agency,
New England Region
