Re: Administrative Order  
Docket No. SDWA-03-2022-0108DS

Dear Mayor Scott James:

Attached is an Administrative Order (“2022 Order”) that United States Environmental Protection Agency Region 3 (“EPA”) is issuing to the City of St. Albans as the owner and/or operator of the St. Albans Water public water system (“the System”), to address the 2018 America’s Water Infrastructure Act (“AWIA”) (Public Law 115-270) requirements. The 2022 Order addresses the violation of Sections 1433(a) and (b) of the SDWA, 42 U.S.C. §§ 300i-2(a) – 300i-2(b). Section 1433(a) required the System to conduct and submit a certification of their Risk and Resilience Assessment (“RRA”) by June 30, 2021. Section 1433(b) required the System to prepare or revise an Emergency Response Plan (“ERP”) no later than six months after certifying completion of its RRA.

The City of St. Albans is invited to confer with EPA about the findings and conclusions reflected in the Order; **please request a conference within ten (10) days of receipt of this Order if you would like an opportunity to confer.**

EPA has not determined whether the City of St. Albans constitutes a “small entity” under the Small Business Regulatory Enforcement and Fairness Act (“SBREFA”) (see Title II of Public Law No. 104-121). The Small Business Resources and the Small Business Regulatory Enforcement and Fairness Act (“SBREFA”) information link<sup>1</sup> provides information on contacting the SBREFA Ombudsman to comment on federal enforcement and compliance activities and provides information on compliance assistance. Participating in the SBREFA program creates no new legal rights or defenses and will not affect EPA’s decision to pursue this enforcement action. The Ombudsman does not participate in resolving EPA’s enforcement actions.

Please note that failure to comply with the provisions of the attached Order may subject the City of St. Albans to further enforcement action. If you have any questions pertaining to this matter, please contact Andrea Lewis of my staff at (215) 814-2074 or [lewis.andrea@epa.gov](mailto:lewis.andrea@epa.gov), or have your attorney contact Nina Rivera at (215) 814-2667 or [rivera.nina@epa.gov](mailto:rivera.nina@epa.gov).

Sincerely,

Karen Melvin, Director  
Enforcement & Compliance Assurance Division
