Case Docket No. CWA-05-2023-0002

The U.S. Environmental Protection Agency (EPA), Region 5, is providing notice of intent to execute a Consent Agreement and Final Order (CAFO) with Cardinal Forge (“Respondent”), for alleged violations of the Clean Water Act (CWA). Cardinal Forge’s facility is located at 1040 Main Street, Rochelle, Illinois (the “Facility”). The Facility discharges process wastewater into the City of Rochelle sanitary sewer collection system for treatment at the City of Rochelle Wastewater Treatment Facility. EPA made observations during an inspection conducted at the Facility on March 3, 2021. EPA determined that Cardinal Forge, as the owner and operator of the Facility, discharged process wastewater subject to aluminum forging pretreatment regulations codified in 40 C.F.R. 467. The Facility failed to conduct required effluent monitoring and submit semi-annual reports in violation 307 of the CWA, 33 U.S.C. § 1317.

On August 3, 2021, Cardinal Forge and EPA executed an Administrative Consent Order (Order) to resolve violations identified during the inspection. Cardinal Forge completed the corrective actions required pursuant to the Order.

EPA and Respondent have agreed that Respondent will pay a civil penalty of \$35,000. Full payment of the penalty will resolve Respondent’s liability for federal civil penalties for the violations alleged in the CAFO.

A copy of the CAFO may be viewed online at: www.epa.gov/aboutepa/epa-region-5#events by clicking on the “Proposed Consent Agreement and Final Order” link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the address below.
