**CONSENT AGREEMENT**

**I. Statutory Authority**

1. This is a civil penalty proceeding under Section 309(g)(1) of the Clean Water Act (“CWA”), 33 U.S.C. § 1319(g)(1), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (“C.F.R.”) Part 22 (“Part 22”).

2. The authority to take action under Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), is vested in the Administrator of the United States Environmental Protection Agency (“EPA”). The Administrator has delegated this authority to the Regional Administrator Region 4, who in turn has redelegated this authority to the Director of the Water Protection Division of EPA Region 4 (“Complainant”).

**II. Statutory and Regulatory Background**

3. Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), states “[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)].”

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states “[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful.” Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (“Corps”), to issue permits for the discharge of dredged or fill material into navigable waters.

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source . . . .”

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

### **III. Allegations**

10. The term “Discharge Area” means the jurisdictional waters that have been impacted either through filling or dredging as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is approximately 1.39 acres of forested freshwater wetlands abutting and/or adjacent to an unnamed tributary of Hewett Bayou, a navigable-in-fact water of the United States, located on property at the southeast corner of U.S. Highway 98 and Hewett Road, in Section 31, Township 2 South, Range 20 West, Walton County, Florida, near latitude 30°22'29.12" north and longitude 86°17'14.69" west. The Discharge Area is indicated on the enclosed Exhibits A and B.

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.

12. Murphy Oil USA, Inc. (“Respondent”), at all times relevant to this Consent Agreement and Final Order, was the operator of the Site.

13. The Respondent is a person within the definition set forth under section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. Respondent submitted a Joint Application for Individual and Conceptual Environmental Resource Permit/Authorization to Use State Owned Submerged Lands/Federal Dredge and Fill Permit to the Florida Northwest Management District and the U.S. Army Corps of Engineers (“Corps”), as received by the Corps Jacksonville District Pensacola Permits Section on August 2, 2012, and assigned an application number of SAJ-2012-02187.

15. Commencing on or about April 22, 2013, to present, Respondent, or those acting on behalf of the Respondent, discharged dredged and/or fill material into wetlands on the Site

using earth moving machinery, during unauthorized activities associated with the construction of a gas station.

16. The Respondent impacted approximately 1.39 acres of jurisdictional wetlands that are abutting and/or adjacent to an unnamed tributary of Hewett Bayou. Hewett Bayou is a tidally influenced traditional navigable-in-fact water of the United States.

17. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are “pollutants” as defined under the CWA § 502(6), 33 U.S.C. § 1362(6).

18. The earth moving machinery employed by the Respondent to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under the CWA § 502(14), 33 U.S.C. § 1362(14).

19. Respondent’s placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under the CWA § 502(12), 33 U.S.C. § 1362(12).

20. At no time during the discharge of dredged and/or fill material at the Discharge Area from on or about April 22, 2013, to the present, did the Respondent possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent.

21. Each discharge by the Respondent of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

22. Each day the material discharged by the Respondent remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

#### **IV. Stipulations and Findings**

Respondent realizes that there are significant penalties for submitting false or misleading information, including the possibility of fines and/or imprisonment for knowing submission of such information.

28. Complainant reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification provided by Respondent was materially false or inaccurate at the time such information or certification was provided to Complainant.

29. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CWA.

31. Respondent shall submit payment of the penalty specified in the preceding paragraph within 30 days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 34. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by the Respondent to pay the penalty assessed by the CAFO in full by its due date may subject the Respondent to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be in an amount equal to twenty percent (20%) of the aggregate amount of such penalty and nonpayment penalty which are unpaid as of the beginning of such quarter. In any such collection action, the validity, amount and appropriateness of the penalty and of this CAFO shall not be subject to review.

## **VI. General Provisions**

Other than as expressed herein, compliance with this CAFO shall not be a defense to any actions subsequently commenced under federal laws and regulations administered by the Complainant.

Other than as expressed in this document, Complainant does not waive any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.
