II. Clean Air Requirements/Factual Allegations

9. Section 609(c) of the CAA, 42 U.S.C. § 7671h(c), and the regulations promulgated at 40 C.F.R. Part 82, Subpart B, establish that no person repairing or servicing motor vehicle air conditioners (MVACs) for consideration may perform any service on a MVAC involving the refrigerant for such air conditioner unless such person has been properly trained and certified.

10. Regulation 40 C.F.R. § 82.34(a) states no person repairing or servicing MVACs for consideration, and no person repairing or servicing MVAC-like appliances, may perform any service involving the refrigerant for such MVAC or MVAC-like appliance unless any such person repairing or servicing an MVAC has been properly trained and certified by a technician certification program approved by the Administrator pursuant to § 82.40.

11. EPA alleges that on more than one occasion from April 7, 2006, through January 24, 2007, Respondent performed service for consideration involving the refrigerant of MVAC systems without the use of properly trained and certified technicians. Respondent violated CAA § 609(c), 42 U.S.C. § 7671h(c), and 40 C.F.R. § 82.34(a) by failing to use properly trained and certified technicians while performing service for consideration involving the refrigerant of a MVAC system.

12. Pursuant to Section 113(d) of the CAA, 42 U.S.C. § 7413(d), and 40 C.F.R. Part 19, EPA may assess a penalty of not more than \$32,500 for each violation of Section 609 of CAA, 42 U.S.C. § 7671h that occurred after March 15, 2004.

15. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

16. Respondent certifies that, to the best of its knowledge, information and belief, as of the date of the execution of this CAFO, Respondent is in full compliance with all relevant requirements of the CAA § 609 and its implementing regulations.

17. Compliance with this CAFO shall resolve the allegations of violations contained herein and known to the EPA at this time and EPA hereby releases Respondent from all liability therefor. This CAFO shall not otherwise affect any liability of Respondent, if any, to the United States. Other than as expressed herein, neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement for allegations of violations not contained in this CAFO.

18. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CAA.

IV. Final Order

19. Respondent is assessed a civil penalty of **THREE THOUSAND FIVE HUNDRED FORTY-FIVE DOLLARS (\$3,545)** which is to be paid within thirty (30) days after the Respondent receives a copy of the fully executed CAFO.

NOTICE OF SECURITIES AND EXCHANGE COMMISSION REGISTRANTS' DUTY TO DISCLOSE ENVIRONMENTAL LEGAL PROCEEDINGS

Securities and Exchange Commission regulations require companies registered with the SEC (e.g., publicly traded companies) to disclose, on at least a quarterly basis, the existence of certain administrative or judicial proceedings taken against them arising under Federal, State or local provisions that have the primary purpose of protecting the environment. Instruction 5 to Item 103 of the SEC's Regulation S-K (17 CFR 229.103) requires disclosure of these environmental legal proceedings. For those SEC registrants that use the SEC's "small business issuer" reporting system, Instructions 1-4 to Item 103 of the SEC's Regulation S-B (17 CFR 228.103) requires disclosure of these environmental legal proceedings.

If you are an SEC registrant, you have a duty to disclose the existence of pending or known to be contemplated environmental legal proceedings that meet any of the following criteria (17 CFR 229.103(5)(A)-(C)):

- A. Such proceeding is material to the business or financial condition of the registrant;
- B. Such proceeding involves primarily a claim for damages, or involves potential monetary sanctions, capital expenditures, deferred charges or charges to income and the amount involved, exclusive of interest and costs, exceeds 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis; or
- C. A governmental authority is a party to such proceeding and such proceeding involves potential monetary sanctions, unless the registrant reasonably believes that such proceeding will result in no monetary sanctions, or in monetary sanctions, exclusive of interest and costs, of less than \$100,000; provided, however, that such proceedings which are similar in nature may be grouped and described generically.

Specific information regarding the environmental legal proceedings that must be disclosed is set forth in Item 103 of Regulation S-K or, for registrants using the "small business issuer" reporting system, Item 103(a)-(b) of Regulation S-B. If disclosure is required, it must briefly describe the proceeding, "including the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceedings and the relief sought."

You have been identified as a party to an environmental legal proceeding to which the United States government is, or was, a party. If you are an SEC registrant, this environmental legal proceeding may trigger, or may already have triggered, the disclosure obligation under the SEC regulations described above.

This notice is being provided to inform you of SEC registrants' duty to disclose any relevant environmental legal proceedings to the SEC. This notice does not create, modify or interpret any existing legal obligations, it is not intended to be an exhaustive description of the legally applicable requirements and it is not a substitute for regulations published in the Code of Federal Regulations. This notice has been issued to you for information purposes only. No determination of the applicability of this reporting requirement to your company has been made by any governmental entity. You should seek competent counsel in determining the applicability of these and other SEC requirements to the environmental legal proceeding at issue, as well as any other proceedings known to be contemplated by governmental authorities.

If you have any questions about the SEC's environmental disclosure requirements, please contact the Office of Chief Counsel in the SEC's Division of Corporation Finance. The phone number is (202) 942-2900.
