Re: In the Matter of Madison Industries, Inc.
Docket No: RCRA-02-2019-7109

Dear Mr. Bzura:

Enclosed is a copy of the fully executed Consent Agreement and Final Order (CA/FO) under Section 3008 of the Resource Conservation and Recovery Act as amended, 42 U.S.C. ' 6928, resolving the above referenced action. Pursuant to the terms of the CA/FO, the civil penalty must be received by the Government on or before thirty (30) calendar days after February 12, 2020, the date of the signature of the Final Order.

Please do not hesitate to contact me if you have any questions. Thank you for your cooperation in this matter.

Sincerely,

Amy R. Chester
Assistant Regional Counsel
212 637-3213

Enclosure

In the Matter of:

Madison Industries, Inc.

Respondent.

Proceeding under Section 3008 of the
Solid Waste Disposal Act, as amended

CONSENT AGREEMENT AND
FINAL ORDER

Docket No. RCRA-02-2019-7109

This is a civil administrative proceeding instituted for injunctive relief and the assessment of civil penalties pursuant to Section 3008 of the Solid Waste Disposal Act as amended by various laws including the Resource Conservation and Recovery Act and the Hazardous and Solid Waste Amendments of 1984, 42 U.S.C. §§ 6901, *et seq.* (referred to collectively as “RCRA” or the “Act”) and the “Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation, Termination or Suspension of Permits,” 40 Code of Federal Regulations (“C.F.R.”) Part 22.

Section 3006(b) of the Act, 42 U.S.C. § 6926(b), provides that EPA’s Administrator may, if certain criteria are met, authorize a state to operate a hazardous waste program (within the meaning of Section 3006 of the Act, 42 U.S.C. § 6926) in lieu of the regulations comprising the federal hazardous waste program (the Federal Program). The State of New Jersey has been authorized by EPA to conduct a hazardous waste program (“authorized state program”).

The State of New Jersey was authorized by EPA to conduct a hazardous waste program on August 2, 1999 (64 Fed. Reg. 41823). At that time, the authorized state program incorporated by reference, with some modifications, the regulations in the federal program at 40 C.F.R. Parts 124, 260-266, 268 and 270, as set forth in the 1993 edition. On December 16, 2002, New Jersey was also authorized for the hazardous waste requirements promulgated by EPA between July 2, 1993 and July 31, 1998 (67 Fed. Reg. 76995). These changes became effective February 14, 2003. Thus, as of February 14, 2003, the authorized state program, with some modifications, essentially incorporates by reference the regulations in the 1998 edition of the same Parts of Title

40 of the C.F.R. New Jersey's regulations that comprised the original state program, and that were authorized in 1999, can be found in the New Jersey Register. See 28 N.J.R. 4606 (Oct. 21, 1996). The regulations authorized in 2002 can be found at 31 N.J.R.166 (Jan. 19, 1999). New Jersey is not authorized for any HSWA regulations adopted by EPA after July 31, 1998, for which EPA retains primary responsibility.

Section 3008(a) of the Act, 42 U.S.C. § 6928(a), authorizes EPA to enforce the regulations constituting the authorized state program, and EPA retains primary responsibility for the enforcement of certain requirements promulgated pursuant to HSWA.

The Complainant and Madison Industries, Inc. (“Respondent”) agree, by entering into this CA/FO, that settlement of this matter upon the terms set forth in this CA/FO is an appropriate means of resolving the claims specified in the Complaint, Compliance Order and Notice of Opportunity for Hearing (Complaint) issued to Respondent on or about September 27, 2019 without litigation. The parties had a settlement discussion. The Findings of Fact and Conclusions of Law set forth below, which pertain to times relevant to this proceeding, are not intended, nor are they to be construed, as Respondent either admitting or denying such findings and conclusions. No adjudicated findings of fact or conclusions of law have been made.

EPA’S FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. In accordance with Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2), EPA has given the State of New Jersey notice of this action.

Respondent

2. Respondent is Madison Industries, Inc. (“Madison” or “Respondent”), established in 1962.
3. Respondent, along with its sister company Old Bridge Chemicals, manufactures and has manufactured a variety of inorganic chemicals including copper sulfate, copper carbonate, zinc chloride and zinc sulfate at a 64-acre facility located at 554 Waterworks Road, Old Bridge New Jersey 08857. Respondent primarily manufactures zinc chemicals.
4. Respondent is a “person” as that term is defined in Section 1004(15) of the Act, 42 U.S.C. § 6903(15), and 40 C.F.R. § 260.10 as incorporated by reference in New Jersey Administrative Code (N.J.A.C.) 7:26G-4.1(a).

RCRA and Applicable Hazardous Waste Regulations

5. RCRA establishes a comprehensive federal regulatory program for the management of hazardous waste and used oil. 42 U.S.C. § 6901 *et seq.*

6. Pursuant to Sections 3002(a) and 3004(a) of RCRA, 42 U.S.C. §§ 6922(a) and 6924(a), the Administrator of EPA has promulgated regulations for the management of hazardous waste including standards for generators and treatment, storage and disposal facilities. These regulations are set forth in 40 C.F.R. Parts 260 through 279.
7. Respondent is and has been the “owner” and/or “operator” of the “facility” located in Old Bridge, New Jersey as those terms are defined in 40 C.F.R. § 260.10, as incorporated by reference in N.J.A.C. 7:26G-4.1(a).
8. In or about May 1993, Respondent notified EPA that it generates 1,000 kilograms or more of non-acute hazardous waste in each calendar month at its facility in Old Bridge, New Jersey. Respondent’s notification was made pursuant to Section 3010 of RCRA.
9. In response to the notification referenced above, EPA issued Respondent’s facility EPA Identification Number NJD002460855.
10. Respondent is and has been a “generator” of “hazardous waste” at the facility identified in Paragraph 3 above as those terms are defined in 40 C.F.R. § 260.10, as incorporated by reference in N.J.A.C. 7:26G-4.1(a).
11. The requirements for generators are set forth in 40 C.F.R. Part 262, as incorporated by reference at N.J.A.C. 7:26G-6.
12. Respondent stores hazardous waste in an outdoor container storage area at its facility for a finite period, at the end of which the hazardous waste is treated, disposed of or stored elsewhere.
13. Respondent’s facility is a “storage” facility as that term is defined in 40 C.F.R. § 260.10, as incorporated by reference in N.J.A.C. 7:26G-4.1(a).
14. Respondent never submitted a Part A or a Part B Permit Application to EPA or the State of New Jersey for the facility identified in Paragraph 3 and never received “interim status” or a hazardous waste permit to treat, store or dispose of hazardous waste at this facility.
15. In March 2019, and prior and subsequent thereto, Respondent generated and continues to generate 1000 kilograms (“kgs”) or more of hazardous waste in a calendar month at its facility.

EPA's Investigative and Enforcement Activities Related to this Settlement

16. On or about March 18, 2019, duly designated representatives of EPA conducted an inspection of Respondent's Old Bridge facility to determine Respondent's compliance with Subtitle C of RCRA and its implementing regulations, including New Jersey's authorized hazardous waste regulations (the "2019 Inspection"). The inspection was conducted pursuant to Section 3007 of RCRA, 42 U.S.C. § 6927.
17. Pursuant to Section 3007 and 3008 of RCRA, 42 U.S.C. §§ 6927 and 6928, on or about May 30, 2019 EPA issued Respondent a combined Notice of Violation ("NOV") and Information Request Letter ("IRL") regarding hazardous waste activities at its Old Bridge facility.
18. On or about June 21, 2019, Respondent emailed EPA a certified response to EPA's combined NOV and IRL.

Other Actions Regarding the Facility

19. In or about November 2016, the New Jersey Department of Environmental Protection (NJDEP) issued Respondent a Notice of Violation for failing to properly close hazardous waste containers (supersacks) at its facility.
20. Respondent's facility is part of the CPS/Madison Industries Superfund Site (Site), which was listed on the National Priorities List in 1983. The Site includes the facility identified in Paragraph 3 above, where Madison and Old Bridge Chemicals currently both operate, as well as the adjacent CPS Chemical ("CPS") facility, which closed in 2001. (BASF Corporation is currently the owner of the CPS property). EPA signed an Administrative Order on Consent for a Remedial Investigation/Feasibility Study with Madison Industries and Old Bridge Chemicals in 2015, and with CPS in 2005. Site remediation is occurring in phases.
21. In September 2019, EPA approved a plan to address contaminated groundwater emanating from both the Madison and CPS facilities, as well as contaminated soil on the CPS property. Contaminated soil and surface water on the Madison property will be addressed in a subsequent EPA proposed plan. Site contaminants include organic compounds and metals, including copper, zinc, lead and cadmium. Inorganic contamination (metals) predominately originate from the Madison facility.

Storage of Hazardous Waste Without a Permit

22. Pursuant to Section 3005 of the Act, 42 U.S.C. § 6925 and 40 C.F.R. § 270.1 as incorporated by reference by N.J.A.C. 7:26G-12.1(a), a RCRA permit or interim status is required for the storage of hazardous waste.

23. Pursuant to 40 C.F.R. § 262.34(a), as incorporated by reference in N.J.A.C. 7:26G-6.1(a), a generator of 1,000 kilograms or more of hazardous waste in a calendar month (hereafter referred to as a large quantity generator (“LQG”)) may accumulate hazardous waste on-site for ninety (90) days or less without having a permit or interim status provided it complies with all applicable requirements referenced therein, including 40 C.F.R. Subparts C (Preparedness and Prevention), and I (Use and Management of Containers) of 40 C.F.R. Part 265, as incorporated by reference by NJAC 7:26G-9.1(a).
24. During at least the 2019 Inspection, Respondent failed to satisfy all the conditions referenced in 40 C.F.R. § 262.34(a), as incorporated by reference in N.J.A.C. 7:26G-6.1(a), which, if complied with, would have allowed Respondent to store hazardous waste without interim status or a permit for up to 90 days at its facility. These conditions included Respondent’s:
- a. failure to mark each hazardous waste container with the words “hazardous waste” as required by 40 C.F.R. § 262.34(a)(3) as incorporated by reference in N.J.A.C. 7:26G-6.1(a);
 - b. failure to clearly mark each container with the date hazardous waste accumulation in that container began as required by 40 C.F.R. § 262.34(a)(2) as incorporated by reference in N.J.A.C. 7:26G-6.1(a);
 - c. failure to keep all containers closed except when adding or removing hazardous waste as required by 40 C.F.R. § 265.173, as referenced by 262.34(a)(1)(i) as incorporated by reference in N.J.A.C. 7:26G-6.1(a);
 - d. failure to transfer hazardous waste from containers in poor condition to a container in good condition as required by 40 C.F.R. § 265.171, as referenced by 262.34(a)(1)(i) as incorporated by reference in N.J.A.C. 7:26G-6.1(a);
 - e. failure to store waste in compatible containers as required by 40 C.F.R. § 265.172, as referenced by 262.34(a)(1)(i) as incorporated by reference in N.J.A.C. 7:26G-6.1(a);
 - f. failure to properly conduct weekly inspection of all hazardous waste containers in the container storage area as required by 40 C.F.R. § 265.174 as referenced by 262.34(a)(1)(i) incorporated by reference by N.J.A.C. 7:26G-6.1(a); and
 - g. failure to maintain and operate the facility in a manner to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil or surface water which could threaten human health or the environment, as required by 40 C.F.R. § 265.31, as referenced by 262.34(a)(4) as incorporated by reference in N.J.A.C. 7:26G-6.1(a).

25. Respondent's storage of hazardous waste during at least the 2019 Inspection without interim status or a permit is a violation of 40 C.F.R. § 270.1(c) as incorporated by reference by NJAC. 7:26G-12.1(a), and of Section 3005 of RCRA, 42 U.S.C. § 6925.

Failure to Minimize Risks of Fire, Explosion and Releases

26. Pursuant to 40 C.F.R. § 265.1(b), as incorporated by N.J.A.C. 7:26G-9.1(a), facilities in existence on or before November 19, 1980 are subject to the requirements set forth in 40 C.F.R. Part 265 or the equivalent authorized State program.
27. Pursuant to 40 C.F.R. § 265.31, as incorporated by N.J.A.C. 7:26G-9.1(a), facilities must be maintained and operated to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil or surface water which could threaten human health or the environment.
28. During at least the 2019 Inspection, Respondent stored white powdery hazardous waste in supersacks in an uncovered outdoor container storage area. Some of the supersacks containing hazardous waste were open, torn, ruptured and/or porous.
29. During at least the 2019 Inspection, hazardous waste and/or hazardous waste constituents were present on the ground of the open-air container storage area.
30. During at least the 2019 Inspection, hazardous waste and/or hazardous waste constituents were present on the floor/surface of an asphalt pad, which was located outdoors, adjacent to the container storage area. Areas of the asphalt pad were cracked and/or crumbling, and the pad was and is located adjacent to an earthen unlined area.
31. At least some of the un-containerized hazardous waste and/or hazardous constituents referenced above was released from Respondent's hazardous waste storage containers.
32. The actions or inaction that led to the presence of un-containerized hazardous waste or hazardous waste constituents on the ground at Respondent's facility as set forth in Paragraphs 29 -31 above, constitute a failure by Respondent to maintain and/or operate its facility in a manner minimizing the possibility of any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil or surface water which could threaten human health or the environment.
33. Respondent's failure to maintain and operate its facility in a manner to minimize the release of hazardous waste or hazardous waste constituents to the air, soil or surface water as stated above constitutes a violation of 40 C.F.R. § 265.31, as incorporated by N.J.A.C. 7:26G-9.1(a).

CONSENT AGREEMENT

Pursuant to Section 3008 of RCRA, 42 U.S.C. § 6928, and 40 C.F.R. § 22.18 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits, it is hereby agreed by and between the parties hereto, and voluntarily and knowingly accepted by Respondent that, for purposes of this Consent Agreement and in the interest of settling this matter expeditiously without the time, expense or uncertainty of a formal adjudicatory hearing on the merits, Respondent: (a) admits the jurisdictional basis for EPA prosecuting this case; (b) neither admits nor denies the allegations in the Complaint issued by EPA in this matter, nor the above EPA's Findings of Fact and Conclusions of Law; (c) consents to the assessment of the civil penalty as set forth below; (d) consents to the issuance of the Final Order incorporating all the provisions of this Consent Agreement; and (e) waives its right to contest or appeal that Final Order.

Pursuant to 40 C.F.R. § 22.31(b), the executed Consent Agreement and accompanying Final Order ("CA/FO") shall become effective and binding when filed with the Regional Hearing Clerk of the Agency, Region 2 (such date henceforth referred to as the "effective date").

It is further hereby agreed by and between Complainant and Respondent, and voluntarily accepted by Respondent, that there shall be compliance with the following terms and conditions:

1. Respondent shall hereinafter, at its facility, comply with RCRA and all applicable New Jersey authorized hazardous waste regulations relating to the generation and management of hazardous waste, including:
 - a. maintaining and operating its facility in a manner that minimizes the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil or surface water which could threaten human health or the environment pursuant to 40 C.F.R. § 265.31, as incorporated by N.J.A.C. 7:26G-9.1(a);
 - b. complying with all applicable and appropriate provisions for the short-term accumulation of hazardous waste by generators including the provisions for generators set forth or referenced 40 C.F.R. § 262.34(a), as incorporated by reference in N.J.A.C. 7:26G-6.1(a) provided hazardous waste is accumulated on site for 90 days or less.
 - c. as an alternative to compliance with the generator provisions identified in Paragraph 1b, Respondent shall obtain and comply with a hazardous waste storage permit from the New Jersey Department of Environmental Protection. However, Respondent must comply with the appropriate requirements referenced in Paragraph 1b above until a hazardous waste storage permit is issued to the facility and effective.

2. Respondent hereby certifies that, as of the date of its signature to this Agreement, to the best of its knowledge and belief, it is in compliance with all applicable requirements of RCRA and its implementing regulations relating to the generation and management of hazardous waste at its facility.
3. Any responses, documentation, and other communications submitted in connection with this Consent Agreement shall be sent to:

John Wilk
Hazardous Waste Compliance Section
RCRA Compliance Branch
Enforcement and Compliance Assurance Division
U.S. Environmental Protection Agency – Region 2
290 Broadway – 21st Floor
New York, New York 10007-1866

and

Amy Chester
Assistant Regional Counsel
Office of Regional Counsel
US Environmental Protection Agency
290 Broadway, 16th floor
New York, New York 10007-1866

EPA shall address any written communication related to this matter to Respondent at the following address:

Kevin Hildreth
Facility Manager
Madison Industries, Inc.
554 Waterworks Road
Old Bridge, New Jersey 08857

4. Respondent shall pay a civil penalty to EPA in the amount of **sixty-one thousand dollars (\$61,000)**. Such payment shall be made by cashier's check, certified check or by electronic fund transfer (EFT). If the payment is made by check, then the check shall be made payable to the "**Treasurer, United States of America,**" and shall be mailed to:

U.S. Environmental Protection Agency
Fines and Penalties
Cincinnati Finance Center

P.O. Box 979077
St. Louis, Missouri 63197-9000

The check shall be identified with a notation thereon listing the following: **In re Madison Industries, Inc., Docket Number RCRA 02-2019-7109.**

Alternatively, if Respondent chooses to make the payment by EFT, Respondent shall then provide the following information to its remitter bank:

- a. Amount of Payment
 - b. SWIFT address: **FRNYUS33, 33 Liberty Street, New York, New York 10045**
 - c. Account Code for Federal Reserve Bank of New York receiving payment: **68010727**
 - d. Federal Reserve Bank of New York ABA routing number: **021030004**
 - e. Field Tag 4200 of the Fedwire message should read: **D 68010727 Environmental Protection Agency**
 - f. Name of Respondent: **Madison Industries, Inc.**
 - g. Case docket number: **RCRA-02-2019-7109**
5. The payment must be received at the above address (or account of EPA) on or before thirty (30) calendar days after the date of the signature of the Final Order, which is located at the end of this CA/FO.
6. Payment instructions:
- a. Payment shall be in accordance with the instructions set forth in this paragraph. If Respondent makes payment by cashier's check or certified check, such check shall be *received* at the above-listed address on or before the time period specified in Paragraph 5. If Respondent makes payments by the EFT method, such EFT shall be *received* on or before the time period specified in Paragraph 5.
 - b. Whether Respondent makes payment by cashier's check, certified check or by the EFT method, Respondent shall, promptly when payment has been made, furnish reasonable proof that the required payment has been made, and such proof shall be furnished to the EPA individuals identified above in Paragraph 3.
 - c. Failure to pay the specified amount in full within the time period set forth above may result in referral of this matter to the United States Department of Justice or the United States Department of the Treasury for collection.
 - d. Furthermore, if the required payment is not received on or before the date when such payment is due under the terms of this document, interest therefore shall be assessed at the annual rate established by the Secretary of the Treasury pursuant

to 31 U.S.C. § 3717, on the overdue amount from the date such payment was to have been made through the date such payment has been received. In addition, a late payment handling charge of \$15.00 will be assessed for each thirty (30) day period or any portion thereof, following the date any such payment was to have been received, in which payment of the amount(s) remains in arrears. In addition, a 6% per annum penalty will be applied to any principal amount that has not been received by the EPA within ninety (90) days of the date for which such payment was required hereto to have been made.

7. The civil penalty provided for in this section constitutes a penalty within the meaning of 26 U.S.C. § 162(f).
8. Complainant shall mail to Respondent (or to the representative designated below) a copy of the fully executed Consent Agreement and accompanying executed Final Order, and Respondent consents to service upon such representative by an employee of EPA other than the Regional Hearing Clerk of EPA, Region 2:

Bruce Bzura, President
Madison Industries, Inc.
554 Waterworks Road
Old Bridge, New Jersey 08857.

9. Respondent has read this Consent Agreement, understands its terms, and consents to the issuance of the Final Order accompanying this Consent Agreement. Respondent further consents to making payment of the entire amount of the civil penalty in accordance with the terms and schedule set forth above.
10. This CA/FO does not waive, extinguish or otherwise affect Respondent's obligation to comply with all provisions of RCRA and the regulations promulgated thereto including New Jersey's authorized hazardous waste program, nor is it intended or to be construed to be a ruling on or determination of any issue related to any federal, state or local permit.
11. Nothing in this document is intended or construed to waive, prejudice or otherwise affect the right of EPA, or the United States, from pursuing any appropriate remedy, sanction or penalty prescribed by law against Respondent, if Respondent has made any material misrepresentations or has provided materially false information in any document submitted in connection with this proceeding.
12. This Consent Agreement is being voluntarily and knowingly entered into by the parties to resolve the RCRA claims alleged in the administrative Complaint issued in this action and upon Respondent making full payment of the penalty amount set forth above. Notwithstanding the above, nothing herein shall affect the

authority of the EPA (or the United States on behalf of EPA) to pursue appropriate injunctive relief or otherwise seek equitable relief or criminal sanctions for any violation(s) of law.

13. Respondent waives its right to request a hearing on this Consent Agreement, or the Final Order included herein, including any right to contest any allegations in the complaint or EPA's Findings of Fact and Conclusions of Law contained within this document.
14. Respondent agrees not to contest the validity or any term of this Consent Agreement and Final Order in any action, suit or proceeding brought by the United States on behalf of EPA to: (a) enforce this Consent Agreement and Final Order; or b) enforce a judgment relating to this Consent Agreement and Final Order. Any failure by Respondent to perform fully any requirement herein will be considered a violation of this Consent Agreement and Final Order and may subject Respondent to a civil judicial action by the United States to enforce the provisions of this Consent Agreement and Final Order.
15. Respondent waives any right it might possess to seek or obtain judicial review of the Final Order incorporating this Consent Agreement pursuant to Section 10(c) of the Administrative Procedure Act, 5 U.S.C. § 704, and/or under any other applicable law.
16. This Consent Agreement and any provision herein shall not be construed as an admission of liability in any adjudicatory or administrative proceeding, except in an action, suit or proceeding to enforce this Consent Agreement or any of its terms and conditions.
17. Each party shall bear its own costs and fees in connection with this proceeding.
18. The signatory for the Respondent certifies that: a) he or she is duly and fully authorized to enter into and ratify this Consent Agreement and all the terms, conditions and requirements set forth in this Consent Agreement; and b) he or she is duly and fully authorized to bind the party on behalf of whom (which) he or she is entering this Consent Agreement to comply with and abide by all the terms, conditions and requirements of this Consent Agreement.
