CONSENT AGREEMENT AND FINAL ORDER

Preliminary Statement

1. This is an administrative action commenced and concluded under section 325(c)(1) of the Emergency Planning and Community Right-to-know Act of 1986 (EPCRA), 42 U.S.C. § 11045(c)(1), and sections 22.13(b) and 22.18(b)(2) and (3) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules) as codified at 40 C.F.R. part 22.
2. Complainant is, by lawful delegation, the Chief of the Emergency Response Branch 1, Superfund Division, United States Environmental Protection Agency (U.S. EPA), Region 5.
3. Respondent is Hitchcock Industries, Inc., an entity doing business in the State of Minnesota, as Consolidated Precision Products.
4. According to 40 C.F.R. § 22.13(b), where the parties agree to settle one or more causes of action before the filing of a complaint, an administrative action may be commenced and concluded simultaneously by the issuance of a consent agreement and final order (CAFO).

5. The parties agree that settling this action without the filing of a complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

6. Respondent consents to the assessment of the civil penalty specified in this CAFO, and to the terms of the CAFO.

Jurisdiction and Waiver of the Right to Hearing

7. Respondent admits the jurisdictional allegations in this CAFO and neither admits nor denies the factual or legal allegations in this CAFO.

8. Respondent waives its right to request a hearing as provided at 40 C.F.R. § 22.15(c), any right to contest the allegations in this CAFO, and its right to appeal this CAFO.

Statutory and Regulatory Background

9. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), and its implementing regulations at 40 C.F.R. part 370 require the owner or operator of a facility, which is required by the Occupational Safety and Health Act (OSHA) to prepare or have available a material safety data sheet (MSDS) for a hazardous chemical, to prepare and submit to the state emergency response commission and fire department with jurisdiction over the facility by March 1, 1988, and annually thereafter on March 1, an emergency and hazardous chemical inventory form (Tier I or Tier II as described in 40 C.F.R. part 370). The form must contain the information required by section 312(d) of EPCRA, covering all hazardous chemicals present at the facility at any one time during the preceding year in amounts equal to or exceeding 10,000 pounds and all extremely hazardous chemicals present at the facility at any one time in amounts equal to or greater than 500 pounds or the threshold planning quantity designated by U.S. EPA at 40 C.F.R. part 355, appendices A and B, whichever is lower.

10. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), assists state and local committees in planning for emergencies and makes information on chemical presence and hazards available to the public. A delay in reporting could result in harm to human health and the environment.

11. Under 29 C.F.R. § 1910.1200(b)(1), all employers are required to provide information to their employees about the hazardous chemicals to which they are exposed including, but not limited to, MSDSs.

12. Under section 311(e) of EPCRA, 42 U.S.C. § 11021(e), with certain exceptions, the term “hazardous chemical” has the meaning given such term by 29 U.S.C. § 1910.1200(c).

13. Under 29 C.F.R. § 1910.1200(c), a hazardous chemical is any chemical which is classified as a physical or health hazard, a simple asphyxiant, combustible dust, pyrophoric gas, or hazard not otherwise classified.

14. Section 325(c)(1) of EPCRA, 42 U.S.C. § 11045(c)(1), authorizes U.S. EPA to assess a civil penalty of up to \$25,000 for each EPCRA section 312 violation. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701 note, and its implementing regulations at 40 C.F.R. part 19 increased the statutory maximum penalty to \$37,500 per day of violation for violations that occurred after January 12, 2009.
