REGION 6

REGIONAL HEARING CLERK  
EPA REGION VI

IN THE MATTER OF

**White Oak Operating Company  
West Lake Verret  
St. Martin Parish, LA**

Respondent.

**CWA SECTION 311 CLASS I  
CONSENT AGREEMENT  
AND FINAL ORDER  
UNDER 40 CFR § 22.13(b)**

Docket No. **CWA-06-2017-4804**

**LEGAL AUTHORITY**

1. This Consent Agreement is proposed and entered into under the authority vested in the Administrator of the U.S. Environmental Protection Agency (“EPA”) by Section 311(b)(6)(B)(i) of the Clean Water Act (“Act”), 33 U.S.C. § 1321(b)(6)(B)(i), as amended by the Oil Pollution Act of 1990, and under the authority provided by 40 CFR §§ 22.13(b) and 22.18(b)(2). The Administrator has delegated these authorities to the Regional Administrator of EPA, Region 6, who has in turn delegated them to the Director of the Superfund Division of EPA, Region 6, who has, by his concurrence, re-delegated the authority to act as Complainant to the Branch Chief of the Emergency Management Branch in Region 6, Delegation No. R6-2-51, dated February 13, 2008 (“Complainant”).

**CONSENT AGREEMENT**

**SPCC Stipulations**

The parties, in their own capacity or by their attorneys or other authorized representatives, hereby stipulate:

2. Section 311(j)(1)(C) of the Act, 33 USC § 1321(j)(1)(C), provides that the President

shall issue regulations "establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil from onshore or offshore vessels and from onshore or offshore facilities, and to contain such discharges...."

3. Initially by Executive Order 11548 (July 20, 1970), 35 Fed. Reg. 11677 (July 22, 1970), and most recently by Section 2(b)(1) of Executive Order 12777 (October 18, 1991), 56 Fed. Reg. 54757 (October 22, 1991), the President delegated to EPA his Section 311(j)(1)(C) authority to issue the regulations referenced in the preceding Paragraph for non-transportation-related onshore and offshore facilities.

4. Through Executive Order 12777 (October 18, 1991), 56 Fed. Reg. 54757 (October 22, 1991), the President delegated to DOI, responsibility for spill prevention and control, contingency planning, and equipment inspection activities associated with offshore facilities. Subsequently, pursuant to section 2(i) of E.O. 12777, the Secretary of the Interior re-delegated, and the Administrator of EPA agreed to assume (MOU published as Appendix B to 40 CFR Part 112), responsibility for non-transportation-related offshore facilities located landward of the coast line.

5. EPA promulgated the Spill Prevention Control & Countermeasure (SPCC) regulations pursuant to delegated statutory authorities, and pursuant to its authorities under the Clean Water Act, 33 USC § 1251 *et seq.*, which established certain procedures, methods and other requirements upon each owner and operator of a non-transportation-related onshore or off-shore facility, if such facility, due to its location, could reasonably be expected to discharge oil into or upon the navigable waters of the United States and their adjoining shorelines in such quantity as EPA has determined in 40 CFR § 110.3 may be harmful to the public health or welfare or the

environment of the United States ("harmful quantity").

6. In promulgating 40 CFR § 110.3, which implements Section 311(b)(4) of the Act, 33 USC § 1321(b)(4), EPA has determined that discharges of harmful quantities include oil discharges that cause either (1) a violation of applicable water quality standards or (2) a film, sheen upon, or discoloration of the surface of the water or adjoining shorelines, or (3) a sludge or emulsion to be deposited beneath the surface of the water or upon adjoining shorelines.

7. Respondent is a firm conducting business in the State of Louisiana, with a place of business located at 16945 Northchase Drive, Suite 1700, Houston, TX 77060, and is a person within the meaning of Sections 311(a)(7) and 502(5) of the Act, 33 U.S.C. §§ 1321(a)(7) and 1362(5), and 40 CFR § 112.2.

8. Respondent is the owner within the meaning of Section 311(a)(6) of the Act, 33 USC § 1321(a)(6), and 40 CFR § 112.2 of an oil production facility, the West Lake Verret facility, located in St. Martin Parish, Louisiana ("the facility"). The approximate coordinates of the facility are 29.852060° N and -91.223702° W. Drainage from the facility travels to an unnamed oil canal; thence to Drews Pass.

9. The facility has an aggregate above-ground storage capacity greater than 1320 gallons of oil in containers each with a shell capacity of at least 55 gallons. Facility capacity is approximately 1,329,778 gallons.

10. Drews Pass is a navigable water of the United States within the meaning of 40 CFR § 112.2.

11. Respondent is engaged in drilling, producing, gathering, storing, processing, refining, transferring, distributing, using or consuming oil or oil products located at the facility.

12. The facility is therefore a non-transportation-related offshore facility which, due to its location, could reasonably be expected to discharge oil to a navigable water of the United States or its adjoining shorelines in a harmful quantity ("an SPCC-regulated facility").

13. Pursuant to Section 311(j)(1)(C) of the Act, E.O. 12777, and 40 CFR § 112.1 Respondent, as the owner of an SPCC-regulated facility, is subject to the SPCC regulations.

14. The facility began operating before August 16, 2002.

**SPCC Allegations**

15. 40 CFR § 112.3 requires that the owner or operator of an SPCC-regulated facility must prepare a SPCC plan in writing, and implement that plan in accordance with 40 CFR § 112.7 and any other applicable section of 40 CFR Part 112.

16. On February 22, 2017 EPA inspected the facility and found that Respondent had failed to develop and implement an SPCC plan for the facility as follows:

- a. Respondent failed to have appropriate containment and/or diversionary structures or equipment to prevent a discharge in accordance with 40 CFR § 112.7(c).
- b. Respondent failed to conduct discharge prevention briefings at least once a year for oil handling personnel to assure adequate understanding of the Plan in accordance with 40 CFR § 112.7(f)(3).
- c. Respondent failed to adequately address in plan measures to prevent pollution for separators and treaters that are equipped with dump valves that have the potential to fail, more specific the facility did not include a discussion on the environmental equivalent used in accordance with 40 CFR § 112.11(d).
- d. Respondent failed to maintain detail records that describe surface and surface well shut-in valves and devices in accordance with in accordance with 40 CFR§ 112.11(j).

- e. Respondent failed to implement for sub-marine piping that it is maintained in good operating condition at all times (piping is periodically inspected or tested on a regular schedule for failures), specifically facility did not have documentation of inspections or tests kept at the facility in accordance with 40 CFR § 112.11(p).

**Waiver of Rights**

17. Respondent admits the jurisdictional allegations set forth above and neither admits nor denies the other specific violations alleged above. Respondent waives the right to a hearing under Section 311(b)(6)(B)(i) of the Act, 33 U.S.C. § 1321(b)(6)(B)(i), and to appeal any Final Order in this matter under Section 311(b)(6)(G)(i) of the Act, 33 U.S.C. §1321(b)(6)(G)(i), and consents to the issuance of a Final Order without further adjudication.

**Penalty**

18. The Complainant proposes, and Respondent consents to, the assessment of a civil penalty of **\$14,548.00**.

**Payment Terms**

Based on the forgoing, the parties, in their own capacity or by their attorneys or authorized representatives, hereby agree that:

19. Within thirty (30) days of the effective date of the Final Order, the Respondent shall pay the amount of **\$14,548.00** by means of a cashier's or certified check, or by electronic funds transfer (EFT). The Respondent shall submit this Consent Agreement and Final Order, with original signature, along with documentation of the penalty payment to:

OPA Enforcement Coordinator  
U. S. Environmental Protection Agency  
Region 6 (6SF-PC)  
1445 Ross Avenue  
Dallas, Texas 75202-2733

- If you are paying by check, pay the check to "Environmental Protection Agency," noting on the check "**OSTLF-311**" and docket number **CWA-06-2017-4804**. If you use the U.S. Postal Service, address the payment to:

U.S. Environmental Protection Agency, Fines & Penalties  
P.O. Box 979077, St. Louis, MO 63197-9000

- If you use a private delivery service, address the payment to:

U.S. Bank  
1005 Convention Plaza, Mail Station SL-MO-C2GL  
St. Louis, MO 63101

- The Respondent shall submit copies of the check (or, in the case of an EFT transfer, copies of the EFT confirmation) to the following person:

Lorena Vaughn  
Regional Hearing Clerk (6RC)  
U.S. Environmental Protection Agency  
Region 6  
1445 Ross Avenue  
Dallas, TX 75202-2733

20. Failure by the Respondent to pay the penalty assessed by the Final Order in full by its due date may subject Respondent to a civil action to collect the assessed penalty, plus interest, attorney's fees, costs and an additional quarterly nonpayment penalty pursuant to Section 311(b)(6)(H) of the Act, 33 USC §1321(b)(6)(H). In any such collection action, the validity, amount and appropriateness of the penalty agreed to herein shall not be subject to review.

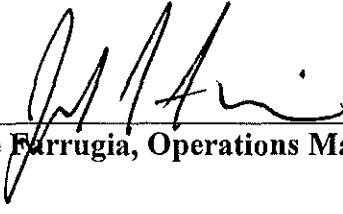

#### General Provisions

21. The Final Order shall be binding upon Respondent and Respondent's officers, directors, agents, servants, employees, and successors or assigns.

22. The Final Order does not constitute a waiver, suspension or modification of the requirements of Section 311 of the Act, 33 USC §1321, or any regulations promulgated thereunder, and does not affect the right of the Administrator or the United States to pursue any applicable injunctive or other equitable relief or criminal sanctions for any violation of law. Payment of the penalty pursuant to this Consent Agreement resolves only Respondent's liability for federal civil penalties for the violations and facts stipulated to and alleged herein.
