Docket No. CERCLA-05-2014-0007

Consent Agreement and Final Order
Preliminary Statement

1. This is an administrative action commenced and concluded under Section 109(b) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), as amended, 42 U.S.C. § 9609(b), and Sections 22.13(b) and 22.18(b)(2) and (3) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules) as codified at 40 C.F.R. Part 22.

2. The Complainant is, by lawful delegation, the Chief of the Enforcement and Compliance Assurance Branch, United States Environmental Protection Agency (U.S. EPA), Region 5.

3. Respondent is Harvest Land Cooperative, a corporation doing business in the State of Minnesota.

4. Where the parties agree to settle one or more causes of action before the filing of a complaint, the administrative action may be commenced and concluded simultaneously by the issuance of a consent agreement and final order (CAFO). 40 C.F.R. § 22.13(b).

5. The parties agree that settling this action without the filing of a complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

6. Respondent consents to the assessment of the civil penalty specified in this CAFO, and to the terms of this CAFO.

Jurisdiction and Waiver of Right to Hearing

7. Respondent admits the jurisdictional allegations in this CAFO and neither admits nor denies the factual allegations in this CAFO.

8. Respondent waives its right to request a hearing as provided at 40 C.F.R. § 22.15(c), any right to contest the allegations in this CAFO, and its right to appeal this CAFO.

Statutory and Regulatory Background

9. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), requires any person in charge of a facility to immediately notify the National Response Center (NRC) as soon as that person has knowledge of any release of a hazardous substance from the facility in an amount equal to or greater than the hazardous substance's reportable quantity.

10. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), provides a mechanism to alert federal agencies that a response action may be necessary to prevent deaths or injuries to emergency responders, facility personnel and the local community. A delay or failure to notify could seriously hamper the government's response to an emergency and pose serious threats to human health and the environment.

11. Section 109(b) of CERCLA, 42 U.S.C. § 9609(b), authorizes U.S. EPA to assess a civil penalty of up to \$25,000 per day of violation of CERCLA Section 103. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701 note, and its implementing regulations at 40 C.F.R. Part 19 increased the statutory maximum penalty to \$32,500 per day of violation that occurred after March 15, 2004 through January 12, 2009 and to \$37,500 per day of violation for violations that occurred after January 12, 2009.

Factual Allegations and Alleged Violations

12. Respondent is a “person” as that term is defined under Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).

13. At all times relevant to this Complaint, Respondent was in charge of the ammonia nurse tank located near the intersection of 330th Avenue and County Road 17, Springfield, Minnesota (facility).

14. Respondent’s facility consists of equipment, storage container, or any site or area where a hazardous substance has been deposited, stored, disposed of, or placed, or otherwise come to be located.

15. Respondent’s facility is a “facility” as that term is defined under Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).

16. Ammonia CAS# 7664-41-7 is a “hazardous substance” as that term is defined under Section 101(14) of CERCLA, 42 U.S.C. § 9601(14).

17. Ammonia has a reportable quantity of 100 pounds, as indicated at 40 C.F.R. Part 302, Table 302.4.

18. On November 2, 2011, at or about 7:30 a.m., a release occurred from Respondent’s facility of approximately 5,411 pounds of ammonia (the release).

19. In a 24 hour time period, the release of ammonia exceeded 100 pounds.

20. During the release, approximately 5,411 pounds of ammonia spilled, leaked, emitted, emptied, discharged, escaped into the ambient air.

21. The release is a “release” as that term is defined under Section 101(22) of CERCLA, 42 U.S.C. § 9601(22).

22. Respondent had knowledge of the release on November 2, 2011, at approximately 7:30 a.m.

Civil Penalty

23. Complainant has determined that an appropriate civil penalty to settle this action is \$9,375.00 for the CERCLA violation. In determining the penalty amount, Complainant considered the nature, circumstances, extent and gravity of the violation, Respondent's agreement to perform a supplemental environmental project, and with respect to Respondent, its ability to pay, prior history of violations, economic benefit or savings resulting from the violation and any other matters as justice may require. Complainant also considered U.S. EPA's Enforcement Response Policy for Sections 304, 311 and 312 of the Emergency Planning and Community Right-to-Know Act and Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act, dated September 30, 1999 (EPCRA/CERCLA Enforcement Response Policy).

24. Within 30 days after the effective date of this CAFO, Respondent must pay a \$9,375.00 civil penalty for the CERCLA violation. Respondent is using an Automated Clearinghouse (ACH), also known as REX or remittance express, funds transfer. Make such electronic funds transfer payable to "Treasurer, United States of America," and send to:

US Treasury REX Cashlink ACH Receiver
ABA: 051036706
Account Number: 310006, Environmental Protection Agency
CTX Format Transaction Code 22 – checking

In the comment area of the electronic funds transfer, state, "In the Matter of Harvest Land Cooperative" and the docket number of this CAFO.

25. Respondent must send a letter confirming payment of the \$9,375.00 civil penalty, stating the Respondent's name, Respondent's complete address, and the case docket number to:

Regional Hearing Clerk, (E-19J)
U.S. EPA, Region 5
77 West Jackson Boulevard
Chicago, IL 60604

Ruth McNamara, (SC-5J)
Chemical Emergency Preparedness
and Prevention Section
U.S. EPA, Region 5
77 West Jackson Boulevard
Chicago, IL 60604

Mary McAuliffe, (C-14J)
Office of Regional Counsel
U.S. EPA, Region 5
77 West Jackson Boulevard
Chicago, IL 60604

26. This civil penalty is not deductible for federal tax purposes.

27. If Respondent does not timely pay the civil penalty or any stipulated penalties due under paragraph 39, below, U.S. EPA may bring an action to collect any unpaid portion of the penalty with interest, handling charges, nonpayment penalties and the United States enforcement expenses for the collection action. The validity, amount and appropriateness of the civil penalty are not reviewable in a collection action.

28. Pursuant to 31 C.F.R. § 901.9, Respondent must pay the following on any amount overdue under this CAFO. Interest will accrue on any amount overdue from the date the payment was due at a rate established pursuant to 31 U.S.C. § 3717. Respondent must pay a \$15 handling charge each month that any portion of the penalty is more than 30 days past due. In addition, U.S. EPA will assess a 6 percent per year penalty on any principal amount 90 days past due.

Supplemental Environmental Project

29. Respondent must complete two supplemental environmental project (SEPs) by providing hazardous materials response equipment to the local responders to reduce the risk to the community should a release occur.

30. Respondent must complete the SEPs as follows:

- a. Purchase and provide to the Morgan Fire Department a pumper truck that includes the following components and accessories (Pumper Truck SEP):
- b. Purchase and provide to the Morton Fire Department a rescue grain (Rescue Grain Tube SEP).

31. Respondent must spend at least \$32,758.00 for the Pumper Truck SEP described in subparagraph 30.a, and Respondent must spend at least \$2,398.00 for the Rescue Grain Tube SEP described in subparagraph 30.b, for a total of \$35,156.00 to complete the SEPs.

32. Respondent certifies as follows:

I certify that Harvest Land is not required to perform or develop either SEP by any law, regulation, order, or agreement or as injunctive relief as of the date that I am signing this CAFO. I further certify that Harvest Land has not received, and is not negotiating to receive, credit for either SEP in any other enforcement action.

I certify that Harvest Land is not a party to any open federal financial assistance transaction that is funding or could be used to fund the same activity as either SEP. I further certify that, to the best of my knowledge and belief after reasonable inquiry, there is no such open federal financial transaction that is funding or could be used to fund the same activity as either SEP, nor has the same activity been described in an unsuccessful federal financial assistance transaction proposal submitted to U.S. EPA within two years of the date that I am signing this CAFO (unless the project was barred from funding as statutorily ineligible). For purposes of this certification, the term "open federal financial assistance transaction" refers to a grant, cooperative agreement, loan, federally-guaranteed loan guarantee or other mechanism for providing federal financial assistance whose performance period has not expired.

33. U.S. EPA may inspect the facility at any time to monitor Respondent's compliance with this CAFO's SEPs requirements.

34. Respondent must submit a SEPs completion report to U.S. EPA on or before [date, 2014]. This report must contain the following information:

- a. Detailed description of each SEP as completed;
- b. Description of any operating problems and the actions taken to correct the problems;
- c. Itemized costs of goods and services used to complete each SEP documented by copies of invoices, purchase orders or canceled checks that specifically identify and itemize the individual costs of the goods and services;
- d. Certification that Respondent has completed each SEP in compliance with this CAFO; and
- e. Description of the environmental and public health benefits resulting from each SEP (quantify the benefits and pollution reductions, if feasible).

35. Respondent must submit all notices and reports required by this CAFO by first class mail to Ruth McNamara at the address provided in paragraph 25, above.

36. In each report that Respondent submits as provided by this CAFO, it must certify that the report is true and complete by including the following statement signed by one of its officers:

I certify that I am familiar with the information in this document and that, based on my inquiry of those individuals responsible for obtaining the information, it is true and complete to the best of my knowledge. I know that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

37. Following receipt of the SEPs completion report described in paragraph 34, above, U.S. EPA must notify Respondent in writing that:

- a. It has satisfactorily completed the SEPs and the SEPs completion report;
- b. There are deficiencies in either or both of the SEPs as completed or in the SEPs completion report, and U.S. EPA will give Respondent 30 days to correct the deficiencies; or
- c. It has not satisfactorily completed either or both of the SEPs or the SEPs completion report, and U.S. EPA will seek stipulated penalties under paragraph 39, below.

38. If U.S. EPA exercises option b, above, Respondent may object in writing to the deficiency notice within 10 days of receiving the notice. The parties will have 30 days from U.S. EPA's receipt of Respondent's objection to reach an agreement. If the parties cannot reach an agreement, U.S. EPA will give Respondent a written decision on its objection. Respondent will comply with any requirements that U.S. EPA imposes in its decision. If Respondent does not complete the SEP as required by U.S. EPA's decision, Respondent will pay stipulated penalties to the United States under paragraph 39, below.

39. If Respondent violates any requirement of this CAFO relating to either SEP, Respondent must pay stipulated penalties to the United States as follows:

- a. If Respondent did not complete the Pumper Truck SEP satisfactorily according to the requirements of this CAFO, Respondent must pay a penalty of \$192,656.00, which is the total cost of the Pumper Truck.
- b. If Respondent did not complete the Rescue Grain Tube SEP satisfactorily according to the requirements of this CAFO, Respondent must pay a penalty of \$3,000.00.
- c. If Respondent did not submit timely the SEPs completion report, Respondent must pay penalties in the following amounts for each day after the report was due until it submits the report:

| <u>Penalty Per Violation Per Day</u> | <u>Period of Violation</u> |
|--------------------------------------|----------------------------|
| \$200 | 1st through 14th day |
| \$400 | 15th through 30th day |
| \$600 | 31st day and beyond |

40. U.S. EPA's determinations of whether Respondent completed the SEPs satisfactorily and whether Respondent made good faith and timely efforts to complete the SEPs will bind Respondent.

41. Respondent must pay any stipulated penalties within 15 days of receiving U.S. EPA's written demand for the penalties. Respondent will use the method of payment specified in paragraphs 24 and 25, above, and will pay interest, handling charges and nonpayment penalties on any overdue amounts.

42. Any public statement that Respondent makes referring to the SEPs must include the following language, "Respondent undertook this project under the settlement of the United States Environmental Protection Agency's enforcement action against Respondent for violations of the Comprehensive Environmental Response, Compensation and Liability Act release reporting requirements."

43. For federal income tax purposes, Respondent will neither capitalize into inventory or basis, nor deduct any costs or expenditures incurred in performing the SEPs.

General Provisions

44. This CAFO resolves only Respondent's liability for federal civil penalties for the violations alleged in the CAFO.

45. This CAFO does not affect the rights of U.S. EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law.

46. Respondent certifies that that it is complying with Section 103(a) of CERCLA, 42 U.S.C. § 9603(a).

47. This CAFO does not affect Respondent's responsibility to comply with CERCLA and other applicable federal, state and local laws and regulations.

42 U.S.C. § 9603(a).

47. This CAFO does not affect Respondent's responsibility to comply with CERCLA and other applicable federal, state and local laws and regulations.

48. This CAFO is a "final order" for purposes of U.S. EPA's EPCRA/CERCLA Enforcement Response Policy.

49. The terms of this CAFO bind Respondent and its successors and assigns.

50. Each person signing this consent agreement certifies that he or she has the authority to sign for the party whom he or she represents and to bind that party to its terms.

51. Each party agrees to bear its own costs and attorney's fees in this action.

52. This CAFO constitutes the entire agreement between the parties.

53. This CAFO shall become effective immediately upon filing with the Regional Hearing Clerk.
