Part 22.

2. The Complainant is, by lawful delegation, the Chief of the Enforcement and Compliance Assurance Branch, Superfund Division, United States Environmental Protection Agency (U.S. EPA), Region 5.

3. Respondent is Summit Township, Department of Public Works, a municipality established in Michigan to conduct business in the State of Michigan.

4. Where the parties agree to settle one or more causes of action before the filing of a complaint, the administrative action may be commenced and concluded simultaneously by the issuance of a consent agreement and final order (CAFO). 40 C.F.R. § 22.13(b).

5. The parties agree that settling this action without the filing of a complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

6. Respondent consents to the assessment of the civil penalty specified in this CAFO, and the terms of the CAFO.

Jurisdiction and Waiver of Right to Hearing

7. Respondent admits the jurisdictional allegations in this CAFO and neither admits nor denies the factual allegations in this CAFO.

8. Respondent waives its right to request a hearing as provided at 40 C.F.R. § 22.15(c), any right to contest the allegations in this CAFO and its right to appeal this CAFO.

Statutory and Regulatory Background

9. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), requires any person in charge of a facility to immediately notify the National Response Center (NRC) as soon as that person has knowledge of any release of a hazardous substance from the facility in an amount equal to or greater than the reportable quantity of the hazardous substance.

10. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), and Section 304 of EPCRA, 42 U.S.C. § 11004, provide a mechanism to alert federal, state and local agencies that a response action may be necessary to prevent deaths or injuries to emergency responders, facility personnel and the local community. A delay or failure to notify could seriously hamper the governments' response to an emergency and pose serious threats to human health and the environment.

11. Section 304(a)(1) of EPCRA, 42 U.S.C. § 11004(a)(1), requires that the owner or operator of a facility must immediately provide notice, as described in Section 304(b) of EPCRA, 42 U.S.C. § 11004(b), if a release of an extremely hazardous substance in quantities equal to or greater than a reportable quantity occurs from a facility at which hazardous chemicals

are produced, used or stored and such release requires notice under Section 103(a) of CERCLA, 42 U.S.C. § 9603(a).

12. Under Section 304(b) of EPCRA, 42 U.S.C. § 11004(b), notice required under Section 304(a) of EPCRA, 42 U.S.C. § 11004(a), must be given immediately after the release by the owner or operator of a facility to the community emergency coordinator for the local emergency planning committee (LEPC) for any area likely to be affected by the release and to the state emergency response commission (SERC) of any state likely to be affected by a release.

13. Under 29 C.F.R. § 1910.1200(c), a hazardous chemical is any chemical which is classified as a physical or health hazard, a simple asphyxiant, combustible dust, pyrophoric gas, or hazard not otherwise classified.

14. Section 109(b) of CERCLA, 42 U.S.C. § 9609(b) and Section 325(b)(2) of EPCRA, 42 U.S.C. § 11045(b)(2), authorize U.S. EPA to assess a civil penalty of up to \$25,000 per day of violation of CERCLA Section 103 and EPCRA Section 304. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701 note, and its implementing regulations at 40 C.F.R. Part 19 increased these statutory maximum penalties to \$32,500 per day of violation that occurred after March 15, 2004 through January 12, 2009 and to \$37,500 per day of violation for violations that occurred after January 12, 2009.

- e. Description of the environmental and public health benefits resulting from the SEP (quantify the benefits and pollution reductions, if feasible).

69. Respondent must submit all notices and reports required by this CAFO by first class mail to James Entzminger of the Chemical Emergency Preparedness and Prevention Section at the address specified in paragraph 58, above.

70. In each report that Respondent submits as provided by this CAFO, it must certify that the report is true and complete by including the following statement signed by one of its officers:

I certify that I am familiar with the information in this document and that, based on my inquiry of those individuals responsible for obtaining the information, it is true and complete to the best of my knowledge. I know that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.

71. Following receipt of the SEP completion report described in paragraph 68, above, U.S. EPA must notify Respondent in writing that:

- b. There are deficiencies in the SEP as completed or in the SEP report and U.S. EPA will give Respondent 30 days to correct the deficiencies; or
- c. It has not satisfactorily completed the SEP or the SEP report and U.S. EPA will seek stipulated penalties under paragraph 73.

72. If U.S. EPA exercises option b, above, Respondent may object in writing to the deficiency notice within 10 days of receiving the notice. The parties will have 30 days from U.S. EPA's receipt of Respondent's objection to reach an agreement. If the parties cannot reach an agreement, U.S. EPA will give Respondent a written decision on its objection. Respondent will comply with any requirements that U.S. EPA imposes in its decision. If Respondent does not complete the SEP as required by U.S. EPA's decision, Respondent will pay stipulated penalties to the United States under paragraph 73, below.

73. If Respondent violates any requirement of this CAFO relating to the SEP,

Respondent must pay stipulated penalties to the United States as follows:

- a. Except as provided in subparagraph b, below, if Respondent did not complete the SEP satisfactorily according to the requirements of this CAFO, including the schedule in paragraph 63, Respondent must pay a penalty of \$37,235.
- b. If Respondent did not complete the SEP satisfactorily, but U.S. EPA determines that Respondent made good faith and timely efforts to complete the SEP and certified, with supporting documents, that it spent at least 90 percent of the amount set forth in paragraph 64, Respondent will not be liable for any stipulated penalty under subparagraph a, above.
- c. If Respondent completed the SEP satisfactorily, but spent less than 90 percent of the amount set forth in paragraph 64, Respondent must pay a penalty of \$3,724.
- d. If Respondent did not submit timely the SEP completion report, Respondent must pay penalties in the following amounts for each day after the report was due until it submits the report:

<u>Penalty Per Violation Per Day</u>	<u>Period of Violation</u>
\$ 500	1st through 14th day
\$1,000	15th through 30th day
\$1,500	31st day and beyond

74. U.S. EPA's determinations of whether Respondent completed the SEP satisfactorily and whether Respondent made good faith and timely efforts to complete the SEP will bind Respondent.

75. Respondent must pay any stipulated penalties within 15 days of receiving U.S. EPA's written demand for the penalties. Respondent will use the method of payment specified in paragraphs 55 and 57 above, and will pay interest, handling charges and nonpayment penalties on any overdue amounts. The stipulated penalty will be divided with 32% paid to the EPA Hazardous Substance Superfund and the remainder to the Treasurer, United States of America.

76. Any public statement that Respondent makes referring to the SEP must include the following language, "Respondent undertook this project under the settlement of the United States Environmental Protection Agency's enforcement action against Respondent for violations of CERCLA Section 103 and EPCRA Section 304."

77. Nothing in this CAFO is intended to nor will be construed to constitute U.S. EPA approval of the equipment or technology purchased by Respondent in connection with the SEP under the terms of this CAFO.

78. For federal income tax purposes, Respondent will neither capitalize into inventory or basis, nor deduct any costs or expenditures incurred in performing the SEP.

General Provisions

79. This CAFO resolves only Respondent's liability for federal civil penalties for the violations alleged in the CAFO.

80. This CAFO does not affect the rights of U.S. EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law.

81. Respondent certifies that it is complying with Section 103(a) of CERCLA, 42 U.S.C. § 9603(a) and Section 304 of EPCRA, 42 U.S.C. § 11004.

83. This CAFO is a "final order" for purposes of U.S. EPA's EPCRA/CERCLA Enforcement Response Policy.

84. The terms of this CAFO bind Respondent and its successors and assigns.
