I. Statutory Authority

1. This is a civil penalty proceeding under Section 309(g)(2)(A) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(2)(A), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (C.F.R.) Part 22 (Part 22).

2. The Administrator has delegated this authority to the Regional Administrator Region 4, who in turn has redelegated this authority to the Director of the Water Protection Division, who in turn has delegated this authority to the Chief of the Clean Water Enforcement Branch of EPA Region 4 (Complainant).

II. Statutory and Regulatory Background

3. Section 309(g)(1)(A)(B) of the CWA, 33 U.S.C. § 1319(g)(1)(A)(B), states "[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)(B)]."

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states "[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful." Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

EPA REGION IV

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a “discharge of pollutants” as “[a]ny addition of any pollutant to navigable waters from any point source”

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

10. The term “Discharge Area” means the jurisdictional waters that have been impacted either through filling or dredging as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area includes approximately 1.5 acres of forested wetlands located in the city of Reidsville, Tattnall County, Georgia, near 31°54'42.095"N latitude and 82°8'12.779"W longitude. The Discharge Area is indicated on the enclosed Exhibits A and B.

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.

III. Allegations

12. Respondents at all times relevant to this Consent Agreement and Final Order, were the owners and operators of the Site.

13. Respondents are persons within the definition set forth under section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. Commencing on or about October 7, 2011, Respondents, or those acting on behalf of the Respondents, discharged dredged and/or fill material into wetlands on the Site using earth moving machinery, during unauthorized activities associated with the clearing and filling of wetlands for silvicultural road construction.

15. Respondents impacted approximately 1.5 acres of wetlands. The impacted areas include: wetlands that are adjacent to an unnamed intermittent tributary to Slaughter Creek,

which is a perennial tributary to the Altamaha River; wetlands that abut Slaughter Creek; and wetlands adjacent to the Altamaha River, a navigable-in-fact water of the United States.

16. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are “pollutants” as defined under the CWA § 502(6).

17. The earth moving machinery employed by the Respondents to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under the CWA § 502(14).

18. Respondents’ placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under the CWA § 502(12).

19. At no time during the discharge of dredged and/or fill material at the Discharge Area from October 7, 2011 to January 24, 2012, did the Respondents possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondents. Each discharge by the Respondents of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

20. Each day the material discharged by the Respondents remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

IV. Stipulations and Findings

21. Complainant and Respondents have conferred for the purpose of settlement under 40 C.F.R. Part 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without gathering any evidence or testimony, making of any argument, or adjudicating any issue in this matter, and in accordance with 40 C.F.R. Part 22.13(b), this Administrative Consent Agreement and Final Penalty Order will simultaneously commence and conclude this matter.

22. For the purposes of this CAFO, Respondents admit the jurisdictional allegations set out above and the factual allegations set out above.

23. Respondents hereby waive their right to contest the allegations set out above and their right to appeal the Final Order accompanying this Consent Agreement.

24. Respondents consent to the assessment of \$1,500.00, and agree to pay the administrative penalty as set forth in this CAFO and consents to the other conditions set forth in this CAFO.

25. By signing this CAFO, Respondents certify that the information they have supplied concerning this matter was at the time of submission, and is, truthful, accurate, and complete for each such submission, response and statement. Respondents realize that there are significant penalties for submitting false or misleading information, including the possibility of fines and/or imprisonment for knowing submission of such information.

26. EPA reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification provided by Respondents was materially false or inaccurate at the time such information or certification was provided to EPA.

27. Complainant and Respondents agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CWA.

V. Payment

28. Under Section 309(g)(2)(A) of the CWA, 33 U.S.C. § 1319(g)(2)(A), and 40 C.F.R. § 19, and considering the nature of the violations and other relevant factors, EPA has determined that one thousand five hundred dollars (\$1,500.00) is an appropriate civil penalty to settle this action.

29. Respondents shall submit payment of the penalty specified in the preceding paragraph within 30 days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 32. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by the Respondents to pay the penalty assessed by the CAFO in full by its due date may subject the Respondents to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists.
