EXPEDITED SETTLEMENT AGREEMENT (ESA)

DOCKET NO.: CAA-07-2023-0073

This ESA is issued to: The Doe Run Resources Corporation
At: 10827 Highway KK, Boss, MO, 65440 (Brushy Creek facility)
for violations of Section 112(r)(7) of the Clean Air Act.

The United States Environmental Protection Agency, Region 7 (EPA or Complainant) and The Doe Run Resources Corporation (Respondent) have agreed to a settlement of this action before filing of a complaint, and thus this action is simultaneously commenced and concluded pursuant to Rules 22.13(b) and 22.18(b)(2) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. §§ 22.13(b), 22.18(b)(2).

Complainant, as duly delegated by the Administrator of the EPA, is the Air Branch Chief of Region 7's Enforcement and Compliance Assurance Division. Respondent is The Doe Run Resources Corporation, which is registered to do business in Missouri.

This is an administrative action for the assessment of civil penalties instituted pursuant to Section 113(d) of the Clean Air Act (CAA). Pursuant to Section 113(d) of the CAA, 42 U.S.C. § 7413(d), the Administrator and the Attorney General jointly determined that cases which meet the criteria set forth in EPA's policies entitled "Use of Expedited Settlements in Addressing Violations of the Clean Air Act Chemical Accident Prevention Provisions, 40 C.F.R. Part 68," dated January 5, 2004, and "Changes to Restrictions on the Use of Expedited Settlements in Addressing Violations of the Clean Air Act Chemical Accident Prevention Provisions," dated December 20, 2013, are appropriate for administrative penalty action.

ALLEGED VIOLATIONS

On or about April 20, 2022, Tetra Tech, a representative of the EPA, conducted a compliance inspection of Respondent's facility located at 10827 Highway KK, Boss, Missouri, to determine compliance with the Chemical Accident Prevention Provisions (CAPP), commonly known as the Risk Management Program regulations, promulgated at 40 C.F.R. Part 68 pursuant to Section 112(r) of the CAA. The EPA found that Respondent had violated regulations implementing Section 112(r) of the CAA as noted on the enclosed Chemical Accident Prevention Provisions Inspection Findings (CAPP Inspection Findings), which is hereby incorporated by reference.

SETTLEMENT

In consideration of Respondent's size of business, its full compliance history, its good faith effort to comply, and other factors as justice may require, and upon consideration of the entire record, the parties enter the ESA to settle the violations, described in the enclosed CAPP Inspection Findings, for the total penalty amount of three thousand, three hundred dollars (**\$3,300**).

This settlement is subject to the following terms and conditions:

Respondent, by signing below, waives any objections that it may have regarding jurisdiction, neither admits nor denies the specific factual allegations contained herein and in the CAPP Inspection Findings, and consents to the assessment of the penalty as stated above. Respondent waives its rights to a hearing afforded by Section 113(d)(2)(A) of the CAA, 42 U.S.C. § 7413(d)(2)(A), and to appeal this ESA. Each party to this action shall bear its own costs and fees, if any. Respondent also certifies, subject to civil and criminal penalties for making a false submission to the United States Government, that Respondent has corrected the violations listed in the enclosed CAPP Inspection Findings and has paid the penalty of **\$3,300**.

Penalty payment shall identify Respondent by name and docket number and shall be by electronic payment method described at <http://www.epa.gov/financial/makepayment> or by certified or cashier's check made payable to the "United States Treasury" and sent to:
