CONSENT AGREEMENT AND FINAL ORDER

The U.S. Environmental Protection Agency, Region 7 (EPA or Complainant), and Syngenta Crop Protection, Inc. (Respondent), have agreed to a settlement of this action before filing a complaint, and thus this action is simultaneously commenced and concluded pursuant to Rules 22.13(b), 22.18(b)(2), and 22.18(b)(3) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. §§ 22.13(b), 22.18(b)(2), and 22.18(b)(3).

Section I

Jurisdiction

1. This is an administrative action for the assessment of civil penalties instituted pursuant to Section 14 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. § 136l.

2. This Consent Agreement and Final Order (CAFO) serves as notice that EPA has reason to believe that Respondent has violated Section 12 of FIFRA, 7 U.S.C. § 136j.

Section II

Parties

3. The Complainant, by delegation from the Administrator of EPA and the Regional Administrator, EPA, Region 7, is the Director of the Water, Wetlands and Pesticides Division, EPA, Region 7.

4. The Respondent is Syngenta Crop Protection, Inc., a pesticide registrant, located at 410 South Swing Road, Greensboro, North Carolina. The Respondent is, and was at all times

referred to in this CAFO, a "person" as defined by Section 2(s) of FIFRA, 7 U.S.C. § 136(s) and a corporation qualified to do business in the State of North Carolina.

Section III

Statutory and Regulatory Background

5. Section 12(a)(2)(A) of FIFRA states that it shall be unlawful for any person to detach, alter, deface, or destroy, in whole or in part, any labeling required under FIFRA Subchapter II—Environment Pesticide Control. 7 U.S.C. § 136j(a)(2)(A).

6. Every pesticide product shall bear a label containing the information specified by FIFRA and the regulations in 40 C.F.R Part 156. 40 C.F.R. § 156.10(a)(1).

7. The label of each pesticide product must bear a statement which contains the name and percentage by weight of each active ingredient. 40 C.F.R. § 156.10(g)(1).

8. Directions [for use] may appear on any portion of the label provided that they are conspicuous enough to be easily read by the user of the pesticide product. 40 C.F.R. § 156.10(i)(1)(ii).

9. All required label text must not be obscured or crowded. 40 C.F.R. § 156.10(a)(2)(ii)(C).

10. Section 12(a)(1)(E) of FIFRA states that it shall be unlawful for any person to distribute or sell to any person any pesticide which is adulterated or misbranded. 7 U.S.C. § 136j(a)(1)(E).

11. A pesticide is "misbranded" if its labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular. 7 U.S.C. § 136(q).

12. The term "to distribute or sell" means to distribute, sell, offer for sale, hold for distribution, hold for sale, hold for shipment, ship, deliver for shipment, release for shipment, or receive and (having so received) deliver or offer to deliver. 7 U.S.C. § 136(gg).

13. Pesticide registrants may distribute or sell a registered product under another person's name and address instead of (or in addition to) their own. Such distribution and sale is termed "supplemental distribution." 40 C.F.R. § 152.132. The distributor is considered an agent of the registrant for all intents and purposes under FIFRA, and both the registrant and the distributor may be held liable for violations pertaining to the distributor product.

Section IV

General Factual Allegations

14. Respondent is registered with EPA as a pesticide producer and is assigned Company Number 100.

15. Respondent is the registrant for "Prodiamine Pro F 0.38% Herbicide," EPA Registration Number (EPA Reg. No.)100-1339. The active ingredient of Prodiamine Pro F 0.38% Herbicide is prodiamine with a label claim of 0.38 percent concentration.

16. Eau Claire Co-op Oil Company, Inc. applied for and received authorization to act as a supplemental distributor for Respondent of Prodiamine Pro F 0.38% Herbicide under the distributor product name "Award Turf Fertilizer with 0.38% Barricade," EPA Reg. No. 100-1339-57131.

17. On March 25, 2010, a representative of the Missouri Department of Agriculture (MDA) inspected Pro Lawn Care, Plattsburg, Missouri. The inspection showed a fertilizer-pesticide product was at the facility in bags bearing EPA Reg. No. 100-1339-57131 that were screen printed, with the product's screen-print labeling indicating the product was Award Turf Fertilizer with 0.38% Barricade. The bags additionally bore stick-on labels. The stick-on labels indicated that the product was "20-0-5 .20% Barricade, PCSCU." Also, the stick-on labels partially obscured the directions for use list of application sites for the product. The inspection showed the product was purchased by Pro Lawn Care from Winfield Solutions, LLC, St. Joseph, Missouri.

18. On March 26, 2010, a representative of the MDA inspected Winfield Solutions, LLC, St. Joseph, Missouri. The inspection showed that Eau Claire Co-op Oil Company, Inc. on January 20, 2010, sold to Winfield Solutions, LLC the fertilizer-pesticide product. Documents and statements collected during the inspection showed that the fertilizer-pesticide product was produced and labeled by Eau Claire Co-op Oil Company, Inc. and sold to Winfield Solutions, LLC as labeled and described in Paragraph 17 above.

VIOLATIONS

19. The Complainant hereby states and alleges that Respondent has violated FIFRA and federal regulations promulgated thereunder, as follows:

Count 1

20. Complainant hereby incorporates the allegations contained in Paragraphs 1 through 18, above, as if fully set forth herein.

21. The fertilizer-pesticide product labeled by Eau Claire Co-op Oil Company, Inc. and sold to Winfield Solutions, LLC on January 29, 2010, was required by the regulation at 40 C.F.R. § 156.10(g)(1) to contain a statement containing the name and percentage by weight of each active ingredient.

22. Eau Claire Co-op Oil Company, Inc. placed stick-on pesticide labels indicating .20% active ingredients "Barricade" (prodiamine) to the screen-printed pesticide labels indicating 0.38% "Barricade" (prodiamine). Eau Claire Co-op Oil Company, Inc.'s placement of the stick-on labels constituted an alteration of the active ingredients statement on the screen-printed labels on the pesticide product.

23. The fertilizer-pesticide product labeled by Eau Claire Co-op Oil Company, Inc. and sold to Winfield Solutions, LLC on January 29, 2010, and which bore directions for use on the screen-printed label, was required by the regulation at 40 C.F.R. § 156.10(i)(1)(ii) to contain directions for use conspicuous enough to be easily read by the user of the pesticide product, and by the regulation at 40 C.F.R. § 156.10(a)(2)(ii)(C) the text of such label must not be obscured or crowded.

24. Eau Claire Co-op Oil Company, Inc. placed stick-on pesticide labels to the screen-printed labels bearing directions for use, partially obscuring the directions for use on the screen-printed label. Eau Claire Co-op Oil Company, Inc.'s placement of the stick-on labels thus constituted an alteration of the screen-printed labels.

25. In accordance with the requirements stated at 40 C.F.R. § 152.132, through the actions of supplemental registrant, Eau Claire Co-op Oil Company, Inc., Respondent violated Section 12(a)(2)(A) of FIFRA by altering, in whole or in part, pesticide labeling required under FIFRA Subchapter II—Environmental Pesticide Control. 7 U.S.C. § 136j(a)(1)(C).

Count 2

26. Complainant hereby incorporates the allegations contained in Paragraphs 1 through 18, above, as fully set forth herein.

27. Eau Claire Co-op Oil Company, Inc. distributed and sold to Winfield Solutions, LLC on January 29, 2010, a fertilizer-pesticide product. The product bore stick-on pesticide labels indicating .20% active ingredients "Barricade" (prodiamine), and screen-printed pesticide labels indicating 0.38% "Barricade" (prodiamine).

28. The fertilizer-pesticide product could not simultaneously and in fact have differing concentrations for the same active ingredient, and thus was misbranded as defined by 7 U.S.C. § 136(q), because it bore a statement relative to its ingredients which was false or misleading.

29. In accordance with the requirements stated at 40 C.F.R. § 152.132, through the actions of supplemental registrant, Eau Claire Co-op Oil Company, Inc., Respondent violated Section 12(a)(1)(E) of FIFRA by distributing or selling a misbranded pesticide. 7 U.S.C. § 136j(a)(1)(E).
