INSTRUCTIONS

The United States Environmental Protection Agency (EPA) has authority under Section 9006 of the Resource Conservation and Recovery Act to issue Compliance Orders and to pursue civil penalties for violations of the underground storage tank regulations.

However, the EPA encourages the expedited settlement of easily verifiable violations of underground storage tank regulations, such as the violations described in the Notice of Violation, by agreeing to standard settlement terms that include expedited correction of the violation and payment of appropriate penalties. You may resolve the cited violations quickly by correcting the violations, paying the penalty amounts and signing and returning the Settlement Agreement within 30 days of the issuance of the Notice of Violation. EPA, at its discretion, may grant one 30 day extension for the period to come into compliance where the owner or operator satisfactorily demonstrates that it is technically infeasible or impracticable to achieve compliance within 30 days.

The payment of the penalty amounts must be in the form of a certified check payable to the "Treasurer of the United States of America," with the number of the Notice of Violation and Compliance Order/Settlement Agreement written on the check. The Settlement Agreement and the check in payment of the penalty amount shall be sent to:

ATTN: Bjorn Brinkman
Storage Tanks, Oil & Pollution Branch
U.S. Environmental Protection Agency
Region VII

Kansas City, Kansas 66101

EPA will not approve the Settlement Agreement if there is any alteration of the Notice of Violation and Compliance Order/Settlement Agreement or payment of less than the full amount of penalties, or if the Settlement Agreement is not returned in the time allowed. EPA will treat any response to the Notice of Violation other than timely acceptance of the Settlement Agreement as an indication that you are not interested in pursuing this expedited settlement procedure.

If the Settlement Agreement is not returned in proper form and full payment of penalties made in the time allowed, EPA may proceed without prejudice to file enforcement actions for the above or any other violations. Failure to return the Settlement Agreement and pay the penalty amounts within the time allowed does not relieve you of the responsibility to comply fully with the regulations, including correcting the violations that have been specifically identified by the inspector.

This Notice of Violation and Compliance Order/Settlement Agreement is not an adjudicatory proceeding under 40 CFR Part 22, the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits. However, if EPA pursues administrative enforcement measures in order to correct the violations or to seek penalties, you will receive instructions

describing your rights under those rules. By agreeing to this Settlement Agreement, you waive your right to a public hearing pursuant to Section 9006 of the Resource Conservation and Recovery Act.

Final approval of the Settlement Agreement is in the sole discretion of the Regional Administrator, Region VII, EPA, or authorized delegate. Upon EPA final approval, a copy of the approved Settlement Agreement will be returned to you, and EPA will take no further action against you for these violations.

If you have any questions, you may contact the EPA Region VII Storage Tanks, Oil & Pollution Branch at (913) 551-7055.
