Re: Morris Insulation and Environmental, Inc.
Consent Agreement and Final Order
Docket No. CAA-04-2012-1506(b)

Dear Ms. Morris:

Enclosed is a copy of the ratified Consent Agreement and Final Order (CAFO) in the above-referenced matter. The original CAFO has been filed with the Regional Hearing Clerk and served on the parties as directed in Section 22.6 of the Consolidated Rules of Practice, 40 C.F.R. Part 22.

Please refer to Section V of the CAFO for penalty information and payment requirements. To ensure proper processing, the Respondent name and Docket Number for this case, identified above and in the CAFO, should be noted on any cashier's or certified check submitted in payment of the penalty.

Also enclosed is a copy of a document entitled "Notice of Securities and Exchange Commission Registrants' Duty to Disclose Environmental Legal Proceedings." This document puts you on notice of your potential duty to disclose to the Securities and Exchange Commission any environmental enforcement actions taken by the U. S. Environmental Protection Agency. Where used in the document "SEC" refers to the Securities and Exchange Commission.

Should you have any questions about this matter or your compliance status in the future, please contact Mr. Keith Bates of the EPA Region 4 staff at (404) 562-8992.

Sincerely,

A handwritten signature in black ink, appearing to read "Kimberly L. Bingham".

Docket No. CAA-04-2012-1500

CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4. Respondent is Morris Insulation and Environmental, Inc.
2. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under the CAA to the Regional Administrators by EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has redelegated this authority to the Director of the Air, Pesticides and Toxics Management Division, by EPA Region 4 Delegation 7-6-A. Pursuant to the aforementioned delegations, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.
4. In December 1977, pursuant to Section 112(I) of the CAA, the EPA delegated the Administrator's authorities and responsibilities to implement and enforce emission standards and prevention requirements for asbestos under Section 112 of the CAA, 42 U.S.C. § 7412, to the State of Georgia. Pursuant to Georgia Department of Natural Resources Rules for Air Quality Control, Chapter 391-3-1-.02(9)(b)(7), the State has incorporated and adopted the EPA's rules for asbestos located at 40 C.F.R. Part 61, Subpart M, promulgated pursuant to Section 112 of the CAA, by reference. As indicated in Section 112(I)(7) of the CAA, nothing in Section 112(I) of the CAA shall prohibit the Administrator from enforcing any applicable emission standard or requirement under Section 112 of the CAA.
5. Asbestos is a "hazardous air pollutant" as that term is defined in Section 112(a) of the CAA, 42 U.S.C. § 7412(a), and is the subject of regulations codified at 40 C.F.R. Part 61, Subpart M, "National Emission Standard for Asbestos," promulgated pursuant to Section 112 of the CAA, 42 U.S.C. § 7412.

6. A "person" is defined in Section 302 of the CAA, 42 U.S.C. § 7602 as an individual, corporation, partnership, association, state, municipality, political subdivision of a state and any agency, department or instrumentality of the United States and any officer, agent or employee thereof.
7. A "facility" is defined in 40 C.F.R. § 61.141, in part, as any institutional, commercial, public, industrial or residential structure, installation or building (including any structure, installation or building containing condominiums or individual dwelling units operated as a residential cooperative, but excluding residential buildings having four or fewer dwelling units); any ship; and any active or inactive waste disposal site.
8. "Demolition" is defined in 40 C.F.R. § 61.141 as the wrecking or taking out of any load-supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.
9. "Renovation" is defined in 40 C.F.R. § 61.141 as altering a facility or one or more facility components in any way, including the stripping or removal of regulated asbestos-containing material from a facility component.
10. An "owner or operator of a demolition or renovation activity" is defined in 40 C.F.R. § 61.141 as any person who owns, leases, operates, controls or supervises the facility being demolished or renovated or any person who owns, leases, operates, controls or supervises the demolition or renovation operation or both.
11. An "installation" is defined in 40 C.F.R. § 61.141 as any building or structure or any group of buildings or structures at a single demolition or renovation site that are under the control of the same owner or operator (or owner or operator under common control).

12. Since EPA has delegated the Administrator's authorities and responsibilities for asbestos under Section 112 of the CAA to the State of Georgia, owners or operators of demolition or renovation activity occurring in the State must notify the Georgia Department of Natural Resources, Georgia Environmental Protection Division, Lead-based Paint and Asbestos Program of any such activity applicable pursuant to 40 C.F.R. § 61.145(b).
13. Any person who violates Section 112 of the CAA may be assessed a penalty of up to \$25,000 for each such violation, in accordance with Section 113(d) of the CAA, 42 U.S.C. § 7413(d). The Debt Collection Improvement Act of 1996 requires the EPA to review and adjust penalties, as necessary, for inflation at least once every four years. As such, pursuant to the Adjustment of Civil Monetary Penalties for Inflation Rule, 40 C.F.R. Part 19, the revised maximum penalty for each violation occurring after January 30, 1997, through March 15, 2004, is \$27,500; for each violation occurring after March 15, 2004, through January 12, 2009, the maximum penalty for each violation is \$32,500; and for each violation occurring after January 12, 2009, the maximum penalty for each violation is \$37,500. Each day a violation continues may constitute a separate violation.

III. Specific Allegations

14. Respondent is a business registered to operate in the State of Georgia.
15. Respondent is therefore a "person" as defined in Section 302 of the CAA, 42 U.S.C. § 7602.
16. "Renovation" occurred on or after June 27, 2011, at a "facility" identified as Olin Chemicals located at 2402 Doug Bernard Parkway in Augusta, Georgia (the Facility).

17. The renovation involved the removal of reportedly regulated asbestos containing material (RACM) from components at the Facility.
18. The Facility is an industrial installation.
19. Respondent owned, leased, operated, controlled or supervised the renovation operation at the Facility.
20. Respondent is therefore an "owner or operator of a renovation or demolition activity."
21. A written notice of intention (the Notice) to renovate the Facility, postmarked June 23, 2011, was sent to the Georgia Department of Natural Resources, Georgia Environmental Protection Division, Lead-based Paint and Asbestos Program. The Notice indicated that asbestos abatement operations were to start on June 27, 2011. The Notice was submitted two working days prior to the commencement of the asbestos abatement operations.
22. The Notice indicated that 1200 ft² of asbestos cement (transite) roofing, identified as RACM, was to be removed. However, according to the Respondent the asbestos abatement operation actually consisted of the removal of 1200 ft² of Category II nonfriable asbestos cement (transite) panels. The Notice incorrectly identified the amount of RACM to be removed.
23. Respondent violated Section 112 of the CAA, 42 U.S.C. § 7412, and 40 C.F.R. § 61.145(b)(3)(i) by failing to provide the State of Georgia with written notice of intention to renovate the Facility at least 10 working days before asbestos abatement began.
24. Respondent violated Section 112 of the CAA, 42 U.S.C. § 7412, and 40 C.F.R. § 61.145(b)(4)(vi) by failing to update the Notice to include an accurate estimate of the approximate amount of RACM to be removed from the Facility.

IV. Consent Agreement

25. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set forth above and neither admits nor denies the factual allegations set forth above.
26. Respondent waives its right to a hearing on the allegations contained herein and its right to appeal the proposed Final Order accompanying the Consent Agreement.
27. Respondent consents to the assessment of the penalty proposed by the EPA and agrees to pay the civil penalty as set forth in this CAFO.
28. Respondent certifies that as of the date of its execution of this CAFO, it is in compliance with all relevant requirements of the National Emission Standard for Asbestos, 40 C.F.R. Part 61, Subpart M.
29. Compliance with this CAFO shall resolve the allegations of the violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States. Other than as expressed herein, neither the EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit; to initiate an action for imminent and substantial endangerment; or to pursue criminal enforcement.
30. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the CAA.
31. Pursuant to 40 C.F.R. § 22.5(c)(4), the following individual is authorized to receive service for the EPA in this proceeding:

Keith Bates
Chemical Products and Asbestos Section
U.S. EPA Region 4
61 Forsyth Street

Atlanta, Georgia 30303-8960
(404) 562-8992.

V. Final Order

32. Respondent is assessed a civil penalty of **FIVE HUNDRED NINE DOLLARS (\$509)** which shall be paid within thirty (30) days of the effective date.
33. Respondent shall remit the penalty payment by either a cashier's or certified check made payable to the "Treasurer, United States of America." **The Respondent shall note on the face of the check the Respondent's name and the Docket Number associated with this CAFO.** The penalty payment shall be sent by one of the methods below.

35. For the purposes of state and federal income taxation, Respondent shall not be entitled, and agrees not to attempt, to claim a deduction for any civil penalty payment made pursuant to this CAFO. Any attempt by Respondent to deduct any such payments shall constitute a violation of this CAFO.
36. Pursuant to 31 U.S.C. § 3717, the EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of this CAFO, if the penalty is not paid by the date required. A charge will also be assessed to cover the administrative costs, both direct and indirect, of overdue debts. In addition, a late payment penalty charge shall be applied on any principal amount not paid within 90 days of the due date.
37. Complainant and Respondent shall bear their own costs and attorney fees in this matter.
38. This CAFO shall be binding upon Respondent and its successors and assigns.
39. Each undersigned representative of the parties to this CAFO certifies that he or she is fully authorized by the party represented to enter into this CAFO and hereby legally binds that party to this CAFO.

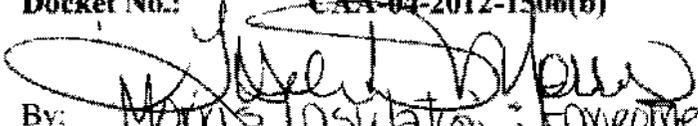

VI. Effective Date

40. The effective date of this CAFO shall be the date on which the CAFO is filed with the Regional Hearing Clerk.
