*Re: Chem-Fab Site
Lien Hearing Docket No. CERCLA-03-2019-0111LL*

Dear Judge Lisa:

I had asked Ms. Gina Thomas, Esq. of the Office of Chief Counsel of the PADEP to allow me to examine the transcript of the testimony of the EPA official with knowledge of the Site, and the relevant work of the EPA, and she has just informed me that the earliest date for me to examine their archived files is March 11, 2020. That date was offered to me, and I filled out their request form for the said date online, but have not yet had confirmation.

Consequently, I request a postponement of the hearing date until I have been able to read the said archived material, and I respectfully propose postponement of 60 days to effectuate the same.

Respectfully yours,

Heywood Becker

cc: Andrew S. Goldman, Esq.
