Re: 2nd Administrative Order Addendum
Gramma Ruby's Café
Public Water System
Docket No. SDWA-08-2009-0007
PWS ID # MT0002011

Dear Mr. Brawdy:

This 2nd addendum to the Administrative Order (Order) issued November 24, 2008, to you as owner of the Gramma Ruby's Public Water System (the system), approves your February 2, 2011 request via e-mail for an extension for submitting a compliance plan and schedule for bringing the system into compliance with the nitrate maximum contaminant level (MCL). This letter serves to incorporate into the Order the new date of March 13, 2011 as the deadline for the compliance plan and schedule. This new deadline will be an enforceable part of the Order.

Please note that EPA expects this deadline to be met. If unexpected events occur that are beyond your control and that may prompt you to request an extension of these deadlines, you will be responsible for notifying EPA well in advance of the deadline dates. EPA will not consider extending these deadlines without a clear justification for their need. You must provide the following information in any request for extensions: a description of the work that has been completed and the additional work that may not be completed by the deadline dates, the unexpected events that occurred and how you attempted to foresee or overcome these obstacles, the proposed new deadline dates, and an explanation that justifies the new proposed deadline dates.

Please be advised that you are required to comply with all provisions of the Order. Penalties for failing to comply are set forth in the Order. Please contact Kimberly Pardue Welch at 800-227-8917, extension 6983 or (303) 312-6983 if you have any questions concerning this Addendum. If you are

represented by an attorney, please ask your attorney to call Peggy Livingston at 800-227-8917, extension 6858, or at (303) 312-6858.
