Salem, IL. 62881
Case Docket No. CWA-05-2018-0014

The U.S. Environmental Protection Agency (EPA), Region 5, is providing notice of intent to execute a Consent Agreement and Final Order (CAFO) with Americana Powder Finishing, LLC. (Americana or Respondent) for alleged violations of the Clean Water Act (CWA). Respondent discharges pollutants to the City of Salem Publicly Owned Treatment Works. In August of 2014, EPA conducted an inspection at Respondent's facility in Salem, Illinois, and identified alleged violations of the Clean Water Act. In September 2015, Americana and EPA executed an Administrative Consent Order (the Order) to resolve violations identified during the inspection. Since entering the Order, Americana has sent EPA semi-annual compliance reports. EPA has reviewed these reports and concluded that Americana has continued to violate the Clean Water Act. The CAFO will resolve Respondent's liability for civil penalties for alleged violations of effluent limits in January and July of 2016, and August of 2017; the failure to include Total Toxic Organic sampling data in its reports; and late submission of compliance reports. EPA and Respondent have agreed that Respondent will pay a civil penalty of \$14,784 to resolve these alleged violations.

A copy of the CAFO may be viewed online at: www.epa.gov/aboutepa/epa-region-5#events by clicking on the "Proposed Consent Agreement and Final Order" link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the address below.
